City of Oshkosh 215 Church Ave., PO Box 1130 Oshkosh, WI 54903-1130

August 12, 2016

Honorable Mayor and Council Members, City of Oshkosh:

The Annual Financial Report of the City of Oshkosh, Wisconsin, for the fiscal year ended December 31, 2015, is submitted herewith. This report was prepared by the City's Department of Finance. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data as presented is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial activities of the City and its various funds and account groups; and that all of the disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activities have been included.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The City's accounting records for general government operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's utilities and other enterprise funds are maintained on an accrual basis.

In developing and modifying the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding:

- 1) the safeguarding of assets against loss from unauthorized use or disposition and
- 2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

- 1) the cost of a control should not exceed the benefits likely to be derived and
- 2) the evaluation of costs and benefits requires estimates and judgment by management.

Budgetary control is maintained at the department level by the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Purchase orders which result in an overrun of the departmental balances are not released until additional appropriations are made available. Open encumbrances are reported as reservations of fund balance as of December 31, 2015.

THE REPORTING ENTITY AND ITS SERVICES

The City provides a full range of municipal services contemplated by Statute or character. This includes police, fire, streets and sanitation, social services, parks, public improvements, library and museum, mass transit, planning and zoning, and general administrative services.

The accompanying financial statements include all significant operations of the City.

A summary of this year's revenues and expenditures/expenses are included in the Management's Discussion and Analysis section, which is in the financial section of this audit report.

DEBT ADMINISTRATION

The rates of net bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the City's debt position to municipal management, citizens, and investors. This data for the City of Oshkosh at the end of 2015 was:

| | <u>AMOUNT</u> | RATIO OF DEBT TO EQUALIZED VALUE | DEBT PER CAPITA |
|--------------------|----------------------|-------------------------------------|-----------------|
| Direct Bonded Debt | <u>\$145,410,531</u> | 3.88% | <u>\$2,192</u> |

Outstanding general obligation bonds at December 31, 2015 totaled \$145,410,531 of which \$27,652 were issued for Parking Utility, \$9,939,166 for Sewer Utility, \$7,430,666 for Water Utility, \$1,845,000 for Industrial Park Fund, \$815,832 for Transit System, \$8,334 for Golf Course, \$1,010,000 for Oshkosh Center, and \$7,632,924 for Storm Water Utility.

On July 15, 2015, \$18,750,000 of General Obligation Corporate Purpose Bonds, and \$4,210,000 of General Obligation Promissory Notes were sold at a net true interest rate of 2.7825%, and 2.2271% respectively.

Assessed valuation of \$3,748,747,500 represented a decrease of 0.70% from the preceding year.

The City's investment rating by Moody's Investors Service as of December 31, 2015 was an Aa3 rating.

CAPITAL PROJECTS FUNDS

The proceeds of general obligation bond issues are accounted for in Capital Projects Funds until improvement projects are completed. At the end of the fiscal year, completed projects are accumulated in the capital asset category for Governmental Activity Funds.

INDEPENDENT AUDIT

The City is required to have an annual audit of its financial statements by independent certified public accountants selected by the City Council. This requirement has been complied with and the auditors' reports are included in the report.

ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Department of Finance. I express my appreciation to all members of the Department who assisted and contributed to its preparation. I also thank the members of the City Council for their interest and support in planning and conducting the financial operations of the City of Oshkosh in a responsible and progressive manner.

Respectfully submitted,

CITY OF OSHKOSH

MARK A. ROHLOFF, City Manager

Jaray wendt

THE CITY

The City is a political subdivision of the State incorporated in 1853, is the County seat of Winnebago County, and is located on the western shore of Lake Winnebago in the Fox River Valley 173 miles north of the City of Chicago, Illinois, and 275 miles east of the cities of Minneapolis and St. Paul, Minnesota. The corporate limits of the City encompass approximately 24.24 square miles and the population is currently 66,327.

THE CITY COUNCIL

The City Council is the legislative and policy making body of the City and is composed of seven Council Members, who are elected at large for two-year terms. The Mayor presides over Council meetings. The Deputy Mayor presides at Council meetings in the Mayor's absence. The responsibilities of the City Council include: (i) enacting ordinances, resolutions and orders necessary for the proper governing of the City's affairs; (ii) reviewing and adopting the annual budget; (iii) reviewing and deciding on recommendations from various boards and commissions; (iv) establishing policies and measures to promote the general welfare of the City and safety and health of its citizens; and (v) representing the City at official functions with other governmental agencies and organizations. The present members of the City Council and the expiration of their respective terms of office are as follows:

| | | Expiration |
|---------------------|----------------|------------|
| <u>Name</u> | <u>Title</u> | of Term |

CITY ADMINISTRATION

Mayor Steve Cummings is currently serving his first, two-year term as Mayor. He served as Deputy Mayor in 2012 and has been a member of the Council for 5 years. He is the Council representative on the Landmarks Commission and a member of the Plan Commission and is a past member of Urban Wildlife Committee. Steve is a Board Member of the Oshkosh Zoological Society, the Winnebago County Historical & Archeological Society and Evergreen Village. Steve co-chairs the steering committee for NeighborWorks Oshkosh and sits on the board of directors and is an officer of Neighborworks Badgerland based in Racine. He chairs the RDA and is a member of the East Central Wisconsin Regional Planning Commission.

Mayor Cummings has lived in Oshkosh his entire life. He graduated from Oshkosh High School and attended the University of Wisconsin - Oshkosh. After serving in the United States Marine Corps., he returned to Oshkosh to pursue a career in advertising and marketing. He was an advertising manager and a director of marketing for Mercury Marine in Fond du Lac for close to 20 years. He resigned from Mercury in 1987 to purchase Geer Murray Advertising in Oshkosh. Many of his clients were

Oshkosh based companies such as Leach Company, the Oshkosh Hilton and C.R. Meyer. In that time, he created marketing communications materials on a pro bono basis for a number of Oshkosh organizations including Oshkosh Public Museum, Oshkosh Area Humane Society, Paine Art Center and Gardens, Oshkosh Boys and Girls Club, Mercy Medical Center Foundation and Oshkosh Convention and Visitors Bureau. He is also a former regional chair for Children's Hospital of Wisconsin. He earned a LEAN Lead Certificate from the Milwaukee School of Engineering and is a 2012 graduate of Leadership Oshkosh. Presently, Steve is a Realtor with First Weber Group.

Both Steve and his wife, Dede, have deep roots in the community being the fifth generation of their respective families to call Oshkosh home. They share a love of history and to that end; have resided in an 1855 Greek revival farmhouse the past 42 years. They have two children. Anne, who lives in California, and Adam, who resides on a small family farm west of Oshkosh once owned by Steve's aunt and uncle. They became grandparents in June of 2014 with the birth of their first grandchild, Oliver. Steve and his two English Springer Spaniels, Bailey and Murphy, are enthusiastic Hosta gardeners. The Cummings family is members of the Oshkosh Yacht Club.

The City Manager, Mark A. Rohloff, is the Chief Executive Officer for the City of Oshkosh and is responsible for planning, organizing, and directing the activities of the municipality by interpreting the City Council determined policy, coordinating departmental efforts, handling citizen inquiry and complaints, screening and preparing agenda materials, and recommending legislation and policy matters. City Manager Rohloff has over 25 years of experience in local government management. Mark's background has included areas as diverse as public works, economic development, public finance, organizational development, and long range planning.

Prior to coming to Oshkosh, Mr. Rohloff was Town Administrator for Grand Chute, Wisconsin; City Administrator Berlin, Wisconsin; Assistant City Manager of Rancho Palos Verdes, California; Senior Budget Analyst for Long Beach, California; and Management Assistant in Fort Collins, Colorado. He received his Bachelors Degree in Urban Affairs and Certificate in Business Administration from Saint Louis University, and has Master of Public Administration from the University of Kansas.

The Director of Finance/Treasurer, Trena Larson, is responsible for the following divisions: Finance, Collections, Accounting, Payroll, Parking, and Water/Sewer/Storm Water Utilities. Assists the City Manager in preparing the City Budget and is responsible for the administration of budgeted funds. Prior to her appointment as Director of Finance/Treasurer, Ms. Larson was the Administrative Coordinator and Finance Director for Adams County. Ms. Larson has a Bachelor of Business Administration degree, with a major in Organizational Management from Viterbo University.

The Assistant Director of Finance, Tara Wendt, is responsible for supervising and participating in all general, utility, and special accounting activities of the City. Prior to her appointment as Assistant Director of Finance, Ms. Wendt was an Audit Manager for Schenck SC. She began her career with Schenck SC in 2004 as a staff accountant where she progressed to Audit Manager specializing in audits of government and not-for-profits. Ms. Wendt has a B.A. with a major in Accounting and a minor in Finance from the University of Wisconsin – Oshkosh. In addition, Tara is a Certified Public Accountant.

PRINCIPAL GOVERNMENTAL SERVICES PERFORMED BY THE CITY

Among the services it provides, the city maintains and oversees the capital budget operations of police and fire departments, water and sewerage utilities, parking utility, a public library, a museum, mass transit, planning and zoning, parks and recreation and public works departments. Brief descriptions of these services are set forth below.

POLICE DEPARTMENT – The Police Department, which is governed by a five member Police and Fire Commission comprised of citizens appointed to five-year terms by the Mayor, includes 100 sworn officers and 29 full and part-time civilian employees, 10 community service officers, and 18 school crossing guards. The full-time mission of the Oshkosh Police Department is to promote public safety and to enhance the quality of life in our community through innovative policing and community partnerships.

FIRE DEPARTMENT – The Fire Department provides fire protection to residents within the City and paramedic ambulance service to the City and surrounding communities. The Fire Department, which is governed by a five member Police and Fire Commission comprised of citizens appointed to five-year terms by the Mayor, maintains six fire stations, which house the department's 22 pieces of fire, safety and rescue equipment. The department has 108 full-time employees.

PUBLIC LIBRARY – The Oshkosh Public Library serves approximately 34,000 cardholders from Oshkosh and surrounding towns through the main library, library website, and deposit collections. Over 300,000 items in the collections are checked out over 1,000,000 times in a year and over 400,000 visits are made to the library. Pursuant to ch 43.54 of the Wis State Statutes, a Library Board of Trustees governs the Library.

MUSEUM – The Oshkosh Public Museum serves the community through permanent, traveling, and virtual exhibitions, educational services and programs, publications, and research facilities. The Museum is entrusted with the preservation, care, and documentation of 250,000 objects, as well as historic photographs, film, and archival materials. The Museum is governed by an eleven member Board which includes the Superintendant of Schools, and School Board President.

DEPARTMENT OF PARKS – The Department of Parks develops and maintains the City's 440 acres of park and public areas including recreational facilities, Lakeshore Municipal Golf Course, urban Forestry, Riverside Cemetery, Leach Amphitheater, Pollock Community Water Park, Menominee Park Zoo, multi-purpose trail systems, river walk, round-a-bouts, and Seniors Center.

MASS TRANSIT – The Transit System (GO Transit), consists of 16 buses providing service over nine fixed-routes in the City of Oshkosh. An additional intercity route provides service between Oshkosh and Neenah, WI. The intercity route is provided by a contractor. The buses travel over 550,000 miles annually. The transit system also provides four paratransit programs for the community through a service contract. In total, over 1 million rides are provided each year. A seven-member Transit Advisory Board and the Oshkosh Common council govern the activities of GO Transit.

PARKING UTILITY – The Parking Utility operates nineteen off-street parking lots, containing 1,679 parking stalls. There are seventeen off-street parking lots in the central business district and two off-street lots in the Oregon Street business area. In 1987, a Business Improvement District was formed in the downtown area. The BID assists in the financing of the downtown lots. A five-member commission provides recommendations for the activities of the utility.

PUBLIC WORKS DEPARTMENT – The Public Works Department consists of seven separate divisions as follows:

The Engineering Division is responsible for the design and preparation of drawings and specifications for street construction and maintenance, sidewalks, sanitary sewers, water mains, storm sewers, as well as construction management for these projects.

The Street Division provides for maintenance of public roadways/alleys/parking lots, and storm/sanitary sewers within those streets. Maintenance of storm sewer facilities includes ditching and drainage work.

The Central Garage Division is responsible for repair, maintenance, and service of City vehicles in twelve departments.

The Sanitation Division provides for collection of solid waste material from residential properties which are one to four units in size. Disposal of this solid waste is governed by agreements with the Winnebago County Solid Waste Management Board. The Sanitation Division is also responsible for the City's recycling program.

The Water Utility operates a sixteen million gallon per day water filtration plant put into operation in 1999, operating 24 hours a day, to provide potable water production and distribution for general public use, industrial and fire fighting purposes. The source of water supply is Lake Winnebago. Three underground reservoirs provide 2,500,000 gallons of water storage. Elevated storage consists of two 750,000-gallon tanks, a 1,250,000-gallon tank and a 1,500,000-gallon tank. The average daily pumpage is 6.170 MGD in 2015. The Water Distribution Division is in charge of daily and emergency maintenance of all water mains, hydrants, services, and meters.

The Sewer Utility operates a 20 million gallon per day (MGD) Wastewater Treatment Facility that provides secondary treatment and discharges the treated wastewater to the Fox River. The 2015 average daily flow was 11.68 MGD.

The Storm Water Utility is responsible for managing storm water runoff generated within the City of Oshkosh. In addition to providing flood reduction benefits, the Storm Water Utility is required to comply with the requirements of the Federal Clean Water Act, administered by the Wisconsin Department of Natural Resources. These requirements include reducing the amount of pollution discharging into Lake Winnebago from the storm water generated within the City of Oshkosh.

DEPARTMENT OF TRANSPORTATION – The Department of Transportation maintains and installs all signs, pavement markings, lighting systems, fiber optics, and traffic signals for public streets, parks and city buildings.

CITY EMPLOYEES

The City employs approximately 519 full-time, 86 part-time, and 157 seasonal employees. Of which 13 are officials or administrators, 42 are supervisors/managers, and 202 employees are involved in protective services. Certain groups of employees of the City, including Fire, Police, and Transit are organized into labor unions for purposes of conducting collective bargaining with the City. The contracts are in effect through 2017. All eligible full-time and part-time City employees participate in the Wisconsin Retirement System, with some seasonals also eligible and enrolled. Pursuant to State Law, annual contribution rates are set in June each year by an independent consulting actuary and approved by the Employee Trust Funds Board. The rates based on assumptions concerning mortality, disability, interest rates, retirement age, retirement formula factor and the earnings, age, number of people in each category etc. Presently, 556 employees are eligible for health insurance, with 486 currently enrolled. The City's total contribution to the Retirement Fund was \$3,035,452 for the year ended December 31, 2015.

In addition to the above referenced retirement fund, the State administers a plan for nine retired employees of the Police and Fire Departments. These individuals had been covered by a private pension plan prior to the City joining the present plan. The City funds retirement contributions to meet current benefit payments to retired employees. The total cost for the year ended December 31, 2015 was \$51,859.

OSHKOSH UNIFIED SCHOOL DISTRICT

In 1982, new legislation in the State provided for the separation of school districts, as a separate legal entity, from the City. As a result, the former Area School District is now known as the Oshkosh Unified School District. The District includes the City of Oshkosh and the surrounding territory and encompasses an area of approximately 111 square miles. With respect to equalized values for the year 2015, 72.78% of the equalized valuation of the property in the Unified School District is situated within the corporate limits of the City. This law further provided that the assets of the school district (land, buildings, and equipment) formerly held in the name of the City, be sold to the school district and that the school district issue their promissory note in an amount equal to the outstanding debt (principal and interest) of the City incurred for school purposes.

The administration of the District is exercised by a school board consisting of seven members who are elected at large for staggered three-year terms of office. The District owns and operates two senior high schools, six middle schools that include one charter middle school, and fifteen elementary schools, which includes two charter elementary schools.

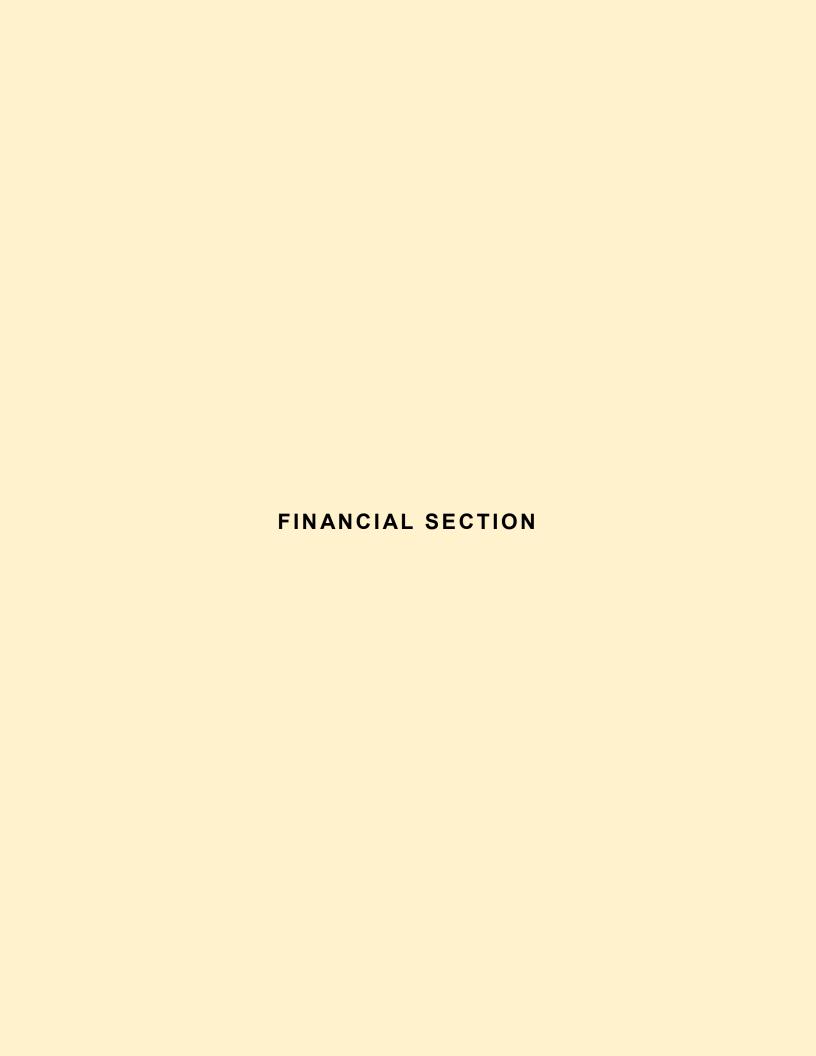

The District has approximately 1,329 employees, both certified and non-certified.

The current enrollment has decreased by approximately 3.98% since the 2006-2015 school terms. The enrollment for the Unified School District for the past ten years is as follows:

| <u>Year</u> | <u>Enrollment</u> |
|-------------|-------------------|
| 2015/16 | 9,889 |
| 2014/15 | 9,957 |
| 2013/14 | 10,008 |
| 2012/13 | 10,030 |
| 2011/12 | 10,089 |
| 2010/11 | 10,213 |
| 2009/10 | 10,331 |
| 2008/09 | 10,335 |
| 2007/08 | 10,374 |
| 2006/07 | 10,299 |

In addition to Unified School District operated schools, there are nine private and parochial schools (kindergarten through grade 12). There are approximately 1,252 students enrolled in these private schools.

Fox Valley Technical College provides the vocational and technical education for City residents and the Fox Valley area. Operations are funded through property tax levies of the various municipalities of the District, including the City. The Technical College served 961 full-time equivalent students for the 2014/2015 school year. The actual head count of students served was 5.840.

INDEPENDENT AUDITORS' REPORT

To the Common Council City of Oshkosh Oshkosh, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Oshkosh, Wisconsin ("the City") as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note D.5, the City implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions - An Amendment of GASB Statement No. 27 and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 22 and the schedules relating to pensions and other post-employment benefits on pages 69 through 72 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 16, 2016, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

| MANAGEMENT'S DISCUSSION | AND ANALYSIS |
|-------------------------|--------------|
| | |

Management's Discussion and Analysis December 31, 2015

As management of the City of Oshkosh, we offer readers of the City's basic financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2015. The analysis focuses on the City's financial performance as a whole.

Financial Highlights

- The assets and deferred outflows of resources of the governmental activities of the City exceeded its liabilities and deferred inflows of resources as of December 31, 2015 and 2014 by \$93,346,174 and \$78,245,952 (net position), respectively. Of this amount, \$18,792,902 and \$4,617,998 (unrestricted net position), respectively, may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's governmental activities net position increased by \$1,548,804 and \$10,930,629, respectively. Several factors contributed to the overall changes.
- The property tax rate rose 3.0% and 3.8%, respectively, per \$1,000 of property value for the years ended December 31, 2015 and 2014, respectively.
- As of December 31, 2015 and 2014, the City's governmental funds reported combined ending fund balances of \$52,954,373 and \$55,879,392, a decrease of \$2,925,019 for 2015 and an increase of \$427,619 for 2014. Approximately 24% and 16% of this total amount, \$12,955,552 and \$8,881,683 is available for spending at the City's discretion (assigned and unassigned fund balance), respectively.
- As of December 31, 2015 and 2014, unassigned fund balance for the general fund was \$8,540,127 and \$8,718,502, or approximately 20% and 21% of total general fund expenditures, respectively.
- The City's total general-obligation debt decreased by \$1,818,427 (1.2%) during 2015. The key factor in this decrease was the issuance of \$24,210,000 of general obligation debt and \$26,028,427 of principal payments of general obligation debt.
- The City's total general-obligation debt increased by \$5,834,031 (4.1%) during 2014. The key factor in this increase was the issuance of \$27,303,802 of general obligation debt and \$21,469,771 of principal payments of general obligation debt.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplemental information and other supplemental information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide statements are made up of the statement of net position and the statement of activities.

The *statement of net position* presents information on all of the City's assets, liabilities, and deferred outflows and inflows of resources, with the difference being reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. (e.g., uncollected taxes and earned but unused vacation leave.)

Management's Discussion and Analysis December 31, 2015

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include: general government, public safety, public works, health and welfare, parks and recreation, transportation, community development, and TIF districts. The business-type activities of the City include mass transit services, water utility, parking utility, Oshkosh redevelopment project, industrial park, golf course, and storm water utility.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate Redevelopment Authority (component unit) for which the City is financially accountable. Financial information for the *component unit* is reported separately from the financial information presented for the primary government itself.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. This comparison may help readers better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 65 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, debt service fund, special assessment improvement and TIF #7 SW Industrial Park capital projects funds which are considered to be major funds. Data from the other 61 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for the general fund, debt service fund, special revenue funds and certain capital project funds. As part of the basic governmental fund financial statements, budgetary comparison statements have been provided for the general fund to demonstrate compliance with the budget.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City maintains 8 individual enterprise funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City maintains four individual internal service funds. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Management's Discussion and Analysis December 31, 2015

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the transit, water utility, sewer utility, and storm water utility, all of which are considered to be major funds of the City. Data from the other four enterprise funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of *combining statements* elsewhere in this report. The four internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information. The required supplementary information provides information and disclosures related to the City's other post-employment benefits and pension plan. The required supplementary information can be found immediately following the footnotes.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise funds and internal service funds are presented as supplementary information immediately following the required supplementary information.

Government-wide Financial Analysis

Net position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$267,367,056 and \$242,171,578 at the close of 2015 and 2014, respectively.

| Deferred inflows of resources | 40,091,897 | 748,125 | 40,840,022 | | | | |
| Net position: | | | | | | | |
| Net investment in capital assets | 28,014,455 | 125,163,119 | 153,177,574 | | | | |
| Restricted | 45,613,499 | 11,074,504 | 56,688,003 | | | | |
| Unrestricted | 4,617,998 | 27,688,003 | 32,306,001 | | | | |
| Total net position | \$ 78,245,952 | \$ 163,925,626 | \$ 242,171,578 | | | | |
| | | | | | | | |

By far the largest portion of the City's net position (60%) and (63%), respectively, reflects its investment in capital assets (e.g. land, buildings, machinery and equipment, infrastructure, etc.), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although, the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (20%) and (23%), respectively, represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (\$54,188,787) and (\$32,306,001), respectively, may be used to meet the City's ongoing obligations to citizens and creditors.

Management's Discussion and Analysis December 31, 2015

Change in net position. Governmental activities increased the City's net position by \$1,548,804 in 2015 and by \$10,930,629 in 2014. Business-type activities increased the City's net position by \$7,878,133 in 2015 and by \$9,032,371 in 2014. Total net position of the City increased in 2015 by \$9,426,937 and in 2014 by \$19,963,000. Key elements of this change are as follows:

| Operating grants and contributions 6,414,312 2,988,658 9,402,976 Capital grants and contributions 3,898,785 2,282,249 6,181,036 General revenues 40,569,018 748,125 41,317,145 Grants and contributions not restricted to specific programs 12,165,208 - 12,165,208 Other 528,612 (13,041) 515,577 Total revenues 75,663,981 42,835,527 118,499,508 Expenses: General government 6,877,632 - 6,877,632 Public safety 27,496,737 - 27,496,733 Public works 16,804,792 - 16,804,792 Health and welfare 942,326 - 942,326 Park and recreation 8,886,775 - 8,886,775 Transportation 731,434 - 731,434 Community development 8,546,791 - 8,546,79 Unclassified 858,234 - 858,234 Interest of long-term debt 3,958,629 - 3,958,629 | City of Oshkosh's Change in Net Position | | | | | | |

Management's Discussion and Analysis December 31, 2015

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of December 31, 2015 and 2014, the City's governmental funds reported combined ending fund balances of \$52,954,373 and \$55,879,392, a decrease of \$2,925,019 in 2015 and an increase of \$427,619 in 2014. Of the total fund balance, \$(803,690) and \$400,590 constitutes *unassigned fund balance*, which is available for spending at the City's discretion. The remainder of fund balance is nonspendable, restricted, committed or assigned to indicate that it is not available for new spending because it has already been committed as follows:

| City of Oshkosh's Go | overnmental Fund | Balances | |
|-------------------------------|------------------|------------|------------------|
| • | | 2015 | 2014 |
| Nonspendable | | | |
| Inventories and prepaid items | \$ | 17,259 | \$ 33,723 |
| Receivables from other funds | | 13,302,738 | 480,191 |
| Total nonspendable | \$ | 13,319,997 | \$ 513,914 |
| Restricted for | | | |
| Construction of assets | \$ | 7,255,154 | \$ 28,384,271 |
| Debt service | | 2,361,472 | 3,437,177 |
| Special purposes | | 5,676,076 | 3,763,430 |
| Trust agreements | | 9,437,194 | 10,028,621 |
| Total restricted | \$ | 24,729,896 | \$ 45,613,499 |
| Committed to | | | |
| Special purposes | \$ | 1,948,928 | \$ 870,296 |
| Assigned to | <u></u> | | |
| Construction of assets | \$ | 13,759,242 | \$ 8,436,116 |
| Subsequent year's budget | | - | 44,977 |
| Total assigned | \$ | 13,759,242 | \$ 8,481,093 |

Details of these fund balance categories can be found in Note A-4.j.

The general fund is the chief operating fund of the City. At the end of 2015 and 2014, unassigned fund balance of the general fund was \$8,540,127 and \$8,718,502, respectively, while total fund balance reached \$9,037,575 and \$9,277,393, respectively. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance to total fund expenditures. Unassigned fund balance represents 20% and 21% of total general fund expenditures.

The fund balance of the City's general fund decreased by \$239,818 in 2015 and increased by \$429,594 in 2014.

The debt service fund has a total fund balance of \$976,051 and \$1,536,834, a decrease of \$560,783 in 2015 and an increase of \$229,597 in 2014.

Management's Discussion and Analysis December 31, 2015

Proprietary funds. The City's proprietary funds provide the same type of information found in the City's government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the end of the 2015 and 2014 amounted to \$35,395,885 and \$27,688,003, respectively. Net position increased \$7,878,133 in 2015 and \$9,032,371 in 2014.

Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Generally the original budget is rarely modified.

During 2015 actual revenues were less than budgeted revenues by \$54,872, primarily in public charges for services. Actual expenditures were equal to modified budgeted, but this was offset by other financing sources being over budget by \$137,345, leaving a total budget overage of \$192,217.

During 2014 actual revenues exceeded budgeted revenues by \$308,734, primarily in intergovernmental charges for services. Actual expenditures were less than budgeted expenditures by \$104,002, but this was offset by other financing sources being over budget by \$16,858, leaving a total budget savings of \$429,594.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2015 and 2014, amounted to \$422,642,492 and \$401,853,697 (net of accumulated depreciation), respectively. This investment in capital assets includes land, land improvements, buildings, machinery and equipment, vehicles, public domain infrastructure (highways and bridges), and construction in progress. The City's capital assets increased by \$20,788,795 or 5% for 2015 and increased by \$17,190,448 or 4% for 2014.

Major capital asset acquired or constructed during the years ended 2015 and 2014 include:

- The governmental activities include constructed streets in the amount of \$5,234,912 and \$2,238,521, purchased land in the amount of \$0 and \$0, vehicles in the amount of \$568,437 and \$919,795, and building improvements and contents in the amount of \$21,012,441 and \$376,421, respectively.
- The business-type activities purchased additional land and improvements in the amount of \$1,965,379 and \$2,449,615, and improvements to water, sewer and storm water utilities in the amount of \$22,398,085 and \$16,043,225, respectively.

Long-term debt. At the end of 2015 and 2014, the City had total bonded debt outstanding of \$292,710,805 and \$275,645,795, respectively. Of this amount, \$145,510,531 and \$147,228,958, respectively, comprises debt backed by the full faith and credit of the government. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Management's Discussion and Analysis December 31, 2015

| City of Oshkosh's Outstanding Debt | | | | | | |
|------------------------------------|----------------|----------------|----------------|--|--|--|
| | Governmental | Business-type | | | | |
| | Activities | Activities | Total | | | |
| | 2014 | 2014 | 2014 | | | |
| | | | | | | |
| General obligation debt: | | | | | | |
| Bonds and notes | \$ 115,083,340 | \$ 32,145,618 | \$ 147,228,958 | | | |
| Total general obligation debt | 115,083,340 | 32,145,618 | 147,228,958 | | | |
| Revenue bonds | | 128,416,837 | 128,416,837 | | | |
| Total | \$ 115,083,340 | \$ 160,562,455 | \$ 275,645,795 | | | |
| | | | | | | |

The City's total debt increased by \$17,065,010 (6.2%) in 2015 and by \$17,653,057 (6.8%) in 2014.

The City maintains an Aa3 rating from Moody's Investors Service for its general obligation debt as of December 31, 2015. The water utility and sewer utility both maintain an Aa3 rating, while the storm water utility maintains an A1 rating from Moody's Investors Service for their respective revenue bonds as of December 31, 2015.

State statutes limit the amount of general obligation debt the City may issue to 5% of its total equalized valuation. The debt limitation for 2015 and 2014 for the City was \$187,182,250 and \$187,441,380, respectively, which is significantly in excess of the City's \$145,410,531 and \$147,228,958 outstanding general obligation debt.

Economic Factors and Next Year's Budgets and Rates

- The economic condition and outlook of the City has remained fairly stable based on a relatively healthy mix of manufacturing, tourism, service industry and retail activities which support our tax base.
- Inflationary trends in our region compare favorably to national indices.

All of these factors were considered in preparing the City's budget for the 2016 fiscal year.

Contacting the City's Financial Management

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to City of Oshkosh Finance Office, P. O. Box 1130, Oshkosh, Wisconsin 54903-1130.

Balance Sheet (Continued) Governmental Funds December 31, 2015

Reconciliation to the Statement of Net Position

| Total Fund Balance - Total Governmental Funds | | | \$ 52,954,373 |
|--|----|---|---------------|
| Amounts reported for governmental activities in the statement of net position are different because: | | | |
| Capital assets used in governmental activities are not financial resources and, therefore are not reported in the funds. | | | 143,635,959 |
| Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. Special assessments account for this difference. | | | 8,303,283 |
| Internal convine funds are used by management to charge the costs of cortain | | | 0,303,203 |
| Internal service funds are used by management to charge the costs of certain activities, such as risk management to individual funds. The assets and liabilities of the internal services funds are included in governmental activities in | | | |
| the statement of net position. | | | 2,996,043 |
| The City's proportionate share of the Wisconsin Retirement System pension plan is not an available financial resource; therefore, it is not reported in the fund financial statements: | | | |
| Net pension asset Deferred outflows of resources | \$ | 6,731,922 6,907,321 | 13,639,243 |
| Long-term liabilities, including bonds and notes payable, are not due and payable in the current period and, therefore, are not reported in the funds. The details of this difference are as follows: | | | |
| Bonds and notes payable Premium on debt issued Deferred charges on debt refundings | \$ | (116,700,957) (1,156,505) 529,834 | |
| Employee benefits Accrued interest on long-term obligations | - | (9,821,411) (1,033,688) | (128,182,727) |
| Net Position of Governmental Activities | | = | \$ 93,346,174 |

Statement of Revenues, Expenditures and Changes in Fund Balances (Continued)
Governmental Funds
For the Year Ended December 31, 2015

Reconciliation of the Statement of Activities

Net Change in Fund Balances - Total Governmental Funds

\$ (2,925,019)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However,

| Capital outlay reported in governmental fund statements | \$ 17,469,578 |
|--|------------------|
| Net book value of capital assets disposed | (190,253) |
| Depreciation expense reported in the statement of activities | (9,284,020) |
| Amount by which capital outlays are greater than depreciation in | |

current period

7,995,305

Change in the net pension asset and outflows of resources as a result of employer contributions, changes in assumptions and proportionate share and the difference between the expected and actual experience of the pension plan

87,825

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

255,500

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

(629.674)

Certain employee benefits are reported in the governmental funds when amounts are paid. The statement of activities reports the value of benefits earned during the year. This year the accrual of these benefits increased by:

(1,428,960)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items, detailed as follows:

| Issuance of general obligation debt | \$ (19.390,000) |
|---------------------------------------|-----------------|
| Net change in premiums on debt issued | (422.511) |
| Deferred charge on debt refunding | 529,834 |
| Principal paid on long-term debt | 17,772,383 |
| Net adjustment | |

Interest payments on outstanding debt are reported in the governmental funds as an expenditure when paid, in the statement of activities interest is reported as it accrues. This year the accrual of interest increased by:

(295,879)

(1,510,294)

Change in Net Position of Governmental Activities

1,548,804

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of Oshkosh ('the City"), Wisconsin, have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the City are described below:

Reporting Entity

The City of Oshkosh is a municipal corporation governed by an elected seven member council.

In accordance with GAAP, the basic financial statements are required to include the City (the primary government) and any separate component units that have a significant operational or financial relationship with the City. The City has identified the following component unit that is required to be included in the basic financial statements in accordance with standards established by GASB Statement No. 61.

Discretely presented component unit:

The component unit column in the basic financial statements include the financial data of the City's component unit, the Redevelopment Authority of the City of Oshkosh. It is reported in a separate column to emphasize that it is legally separate from the City. The Redevelopment Authority's fiscal year end is December 31. Complete financial statements for the Redevelopment Authority may be obtained from the City's Finance Department.

Certain other significant governmental entities, which provide service within the City, are governed by separate boards or commissions and are not accountable to the City. Consequently, financial information for the following entities is not included within the scope of the City's reporting entity and is not included in the City's financial statements.

School District of Oshkosh Area Fox Valley VTAE District Housing Authority of the City of Oshkosh

2. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Governmental funds include general, special revenue, debt service, capital projects, and permanent funds. Proprietary funds include enterprise funds and internal service funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports the following major governmental funds:

GENERAL FUND

This is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

DEBT SERVICE FUND

This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

SPECIAL ASSESSMENT IMPROVEMENTS CAPITAL PROJECTS FUND

This fund accounts for the cost of capital projects and the special assessments and subsequent assessment collections related to those projects.

TIF # 7 SW INDUSTRIAL PARK

This fund accounts for the cost of capital improvements and subsequent tax increment generated from the increase in value within the boundaries of the TIF.

The City reports the following major enterprise funds:

TRANSIT UTILITY FUND

This fund accounts for the operations of a bus transit system for the City of Oshkosh. Financing is provided through user fees, federal and state grants, and general property taxes.

WATER UTILITY FUND

This fund accounts for the construction, operation and maintenance of the City owned water facilities.

SEWER UTILITY FUND

This fund accounts for the construction, operation and maintenance of the City owned sewerage facilities.

STORM WATER UTILITY FUND

This fund accounts for the construction, operation and maintenance of the City owned storm water facilities.

The City also reports the following fund types:

INTERNAL SERVICE FUND

This fund accounts for the financing of goods and services provide by one department to other City departments or to other governments on a cost reimbursement basis.

AGENCY FUND

This fund accounts for the current year tax levy collectible in the subsequent year for the City and in a custodial capacity as an agent on behalf of others.

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for enterprise funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

4. Assets, Liabilities, Deferred Inflows/Outflows of Resources and Net Position or Fund Balance

a. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions and are carried at cost. Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. For purposes of the statement of cash flows, all cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less from date of acquisition are considered to be cash equivalents.

b. Accounts Receivable

Accounts receivable are recorded at gross amount with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the basic financial statements.

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" in the fund financial statements. Noncurrent portions of the interfund receivables for the governmental funds are reported as "advances to other funds" and are offset by nonspendable fund balance since they do not constitute expendable available financial resources and therefore are not available for appropriation.

The amount reported on the statement of net position for internal balances represents the residual balance outstanding between the governmental activities and business-type activities.

d. Inventories

Inventories are recorded at cost, which approximates market, using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed rather than when purchased.

Inventories of governmental fund types in the fund financial statements are offset by nonspendable fund balance accounts to indicate that they do not represent spendable available financial resources.

e. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items.

Prepaid items of governmental fund types in the fund financial statements are offset by nonspendable fund balance accounts to indicate that they do not represent spendable available financial resources.

f. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$1,500 or higher and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciable capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

| | Governmental Activities | Business-Type Activities |
|--|-------------------------|-----------------------------|
| | Y | ears |
| Assets | | |
| Buildings, systems and land improvements | 30 - 80 | 25 - 88 |
| Machinery and equipment | 1 - 25 | 10 - 25 |
| Infrastructure | 20 - 35 | 40 - 150 |

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Compensated Absences

The City's policy allows employees to earn one day of sick pay per month of service, accumulating to varying maximum amounts. The City's employees also are granted vacation in varying amounts based on length of service. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds in the fund financial statements only if they have matured, for example, as a result of employee resignations and retirements.

h. <u>Deferred Inflows/Outflows of Resources</u>

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category in the government-wide statement of net position. The first is the deferred charge on refunding resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to the City's proportionate share of the Wisconsin Retirement System pension plan and is deferred and amortized over the expected remaining service lives of the pension plan participants.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item that qualifies for reporting in this category, property taxes. This amount will be recognized as an inflow of resources in the subsequent year for which it was levied. The City also has additional types of items, which arise only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source, special assessments. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

i. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j Net Position and Fund Equity

Governmental Fund Financial Statements

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance Amounts that are not in spendable form (such as inventory, prepaid items, or long-term receivables) or are legally or contractually required to be maintained intact.
- Restricted fund balance Amounts that are constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance Amounts that are constrained to specific purposes by action of the City Council. These constraints can only be removed or changed by the City Council using the same action that was used to create them.
- Assigned fund balance Amounts that are constrained for specific purposes by action of City management. Residual amounts in any governmental fund, other than the General Fund, are reported as assigned.
- Unassigned fund balance Amounts that are available for any purpose. Unassigned amounts are reported only in the General Fund, unless the fund has a deficit fund balance.

City Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment on the fund (such as for special incentives). Assigned fund balance is established by City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

Government-wide and Proprietary Fund Statements

Equity is classified as net position and displayed in three components:

- Net investment in capital assets Amount of capital assets, net of accumulated depreciation, and capital related deferred outflows of resources less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and any capital related deferred inflows of resources.
- Restricted net position Amount of net position that is subject to restrictions that are imposed by 1) external groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- Unrestricted net position Net position that is neither classified as restricted nor as net investment in capital assets.

Use of Restricted Resources

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the City's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the City's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classification – committed and then assigned fund balances before using unassigned fund balances.

Notes to Basic Financial Statements December 31, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE B - STEWARDSHIP AND COMPLIANCE

1. Budgets and Budgetary Accounting

The City adopted budgets for the General Fund, certain Special Revenue Funds and the Debt Service Fund. These budgets are adopted in accordance with state statutes and are prepared on a basis consistent with generally accepted accounting principles. The budgetary data presented on the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual reflects the original approved budgets of the above funds and subsequent revision authorized by the City's Common Council. Flexible, annual budgets are approved for Proprietary Funds to provide for financial management. Long-term budgets are adopted for Capital Projects Funds.

The following procedures are used in establishing the budgetary data reflected in the financial statements:

- In early October, the Finance Director and City Manager submit to the Common Council a
 proposed operating budget for the fiscal year commencing the following January 1. The
 operating budget includes proposed expenditures and the means of financing them.
- A public hearing is conducted in the Council Chambers to obtain taxpayer comments.
- At the second council meeting in November, the budget is legally enacted through passage of a resolution.
- The Finance Director is authorized to transfer budget amounts within departments upon City Manager approval; however, any revisions that alter the total expenditures of any fund must be approved by the Common Council.
- Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds (except for Business Improvement District, Cable TV Franchise, Historical Marker, Public Works Special, and Community Traffic Safety) and the Debt Service Fund.
- Budgetary expenditure control is exercised at the department level.
- Budgeted amounts are as authorized in the original budget resolution and subsequent revisions authorized by the Common Council.
- All appropriations lapse at year end.

The City did not have any major violation of legal or contractual provisions for the fiscal year ended December 31, 2015.

Notes to Basic Financial Statements December 31, 2015

NOTE B - STEWARDSHIP AND COMPLIANCE (Continued)

2. Excess of Expenditures Over Budget Appropriations

The City had no expenditure accounts that had material budget variances.

3. Deficit Fund Equity

The following funds had deficit fund equity as of December 31, 2015:

| Fund | Deficit Fund |
|--------------------------------|--------------|
| Special Revenue Funds | |
| Street Lighting | \$ 20,511 |
| Cemetery | 57,409 |
| Leach Amphitheater | 34,015 |
| Public Works Special Fund | 8,071 |
| Community Traffic Safety Grant | 395 |
| Capital Projects Funds | |
| Special Assessment Improvement | 4,637,412 |
| Street Tree | 11,818 |
| TIF #18 SW Industrial #3 | 2,088,005 |
| TIF # 23 SW Industrial Park | 629,421 |
| TIF #25 City Center Hotel | 1,772,294 |
| TIF #27 North Main Street | 84,466 |

The City anticipates funding the above deficits from future revenues and tax levies of the funds.

NOTE C - DETAILED NOTES ON ALL FUNDS

1. Cash and Investments

The City maintains various cash and investment accounts, including pooled funds that are available for use by all funds. Each fund's portion of these accounts is displayed in the financial statements as "Cash and investments."

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool.

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

The carrying amount of the City's cash and investments totaled \$148,911,637 on December 31, 2015 as summarized below:

| Petty cash funds Deposits with financial institutions | \$ 8,885 116,546,417 |
|---|----------------------------|
| Investments | |
| Federal Farm Credit | 6,010,680 |
| Federal Home Loan Bank | 4,588,115 |
| Federal Home Loan Mortgage Corporation | 2,927,732 |
| Federal National Mortgage Association | 2,142,045 |
| Money market mutual funds | 7,717,866 |
| Municipal bonds | 454,641 |
| Mutual funds | 3,611,806 |
| Oshkosh Community Foundation | 3,296,258 |
| Corporate stocks and bonds | 1,573,666 |
| Wisconsin local government pool | 33,526 |
| | \$ 148,911,637 |
| Reconciliation to the basic financial statements: | |
| Government-wide Statement of Net Position | |
| Cash and investments | \$ 77,535,175 |
| Restricted cash and investments | 33,865,102 |
| Fiduciary Funds Statement of Net Position | ,, |
| Agency fund | 37,511,360 |
| | \$ 148,911,637 |

Deposits and investments of the City are subject to various risks. Presented below is a discussion of the specific risks and the City's policy related to the risk.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The City does not have an additional custodial credit risk policy.

Notes to Basic Financial Statements
December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 per official custodian per depository. In addition, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available.

As of December 31, 2015, \$100,110,901 of the City's deposits with financial institutions were in excess of federal and state depository insurance limits. \$100,110,901 was collateralized with securities held by the pledging financial institution or its trust department or agent but not in the City's name.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin statutes limit investments in securities to the top two ratings assigned by nationally recognized statistical rating organizations. The City does not have an additional credit risk policy. Presented below is the actual rating as of yearend for each investment type.

| | | | Exempt | | Ratings as of Year End | | | | | | | |

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Notes to Basic Financial Statements
December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

| Remaining Maturity (in M | | | | | | | | y (in Months) | | |
|------------------------------------|--------------------|------------|----------------------|------------|--------------------|-----------|--------------------|------------------|-----------|----------|

Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City's investments in Federal Farm Credit, Federal Home Loan Bank, Federal Home Loan Mortgage and Federal National Mortgage Association securities are highly sensitive to interest rate fluctuations.

Investment in Wisconsin Local Government Investment Pool

The City has investments in the Wisconsin local government investment pool of \$33,526 at year-end. The Wisconsin local government investment pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2015, the fair value of the City's share of the LGIP's assets was substantially equal to the carrying value.

The Redevelopment Authority, as a component unit of the City of Oshkosh, also maintains separate cash and investment accounts as detailed below.

Demand Deposits

At December 31, 2015, the carrying amount of the Authority's deposits was \$150,768 and is held as part of the City's pooled cash.

Investments

On December 31, 2015, the Authority held U. S. Treasury Obligation mutual funds of \$636,000. These obligations are unrated and will mature within 12 months.

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

2. Restricted Assets

Restricted assets on December 31, 2015 totaled \$33,865,102 and consisted entirely of cash and investments for the following purposes.

| Water Utility | |
|---|---------------|
| Debt proceeds restricted for capital outlay | \$ 7,755,676 |
| Bond redemption fund | 3,110,401 |
| Depreciation fund | 138,099 |
| | 11,004,176 |
| Sewer Utility | |
| Debt proceeds restricted for capital outlay | 7,309,697 |
| Bond redemption fund | 2,675,102 |
| Replacement fund | 1,898,153 |
| | 11,882,952 |
| Storm Water Utility | |
| Debt proceeds restricted for capital outlay | 6,291,942 |
| Bond redemption fund | 4,686,032 |
| | 10,977,974 |
| Total Restricted Assets | \$ 33,865,102 |

3. Property Taxes

Property taxes are recorded in the year levied as receivables and deferred inflows of resources in the respective funds. They are recognized in the appropriate funds as revenues in the succeeding year when services financed by the levy are provided. In addition to property taxes for the municipality, taxes are collected for and remitted to the State and County governments as well as the local and vocational school districts. The receivables and liabilities for these taxes are recorded in an Agency Fund. Taxes for all State and local governmental units billed in the current year for the succeeding year are reflected as due to other governments on the accompanying balance sheet. Taxes are levied in December on the assessed value as of the prior January 1.

Property tax calendar - 2015 tax roll:

| Lien date and levy date | December 31, 2015 |
|-------------------------------------|-----------------------------------|
| Tax bills mailed | On or after December 1, 2015 |
| Payment in full, or: | |
| First installment due | January 31, 2016 |
| Second installment due | March 31, 2016 |
| Third installment due | May 31, 2016 |
| Fourth installment due | July 31, 2016 |
| Personal property taxes in full | January 31, 2016 |
| Tax settlements: | |
| Initial settlement | January 15, 2016 |
| Second, third and fourth settlement | 20 days after the collection date |
| Final settlement | August 20, 2016 |
| Tax deed by County | |
| 2015 delinquent real estate taxes | October 1, 2019 |

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Property Tax Levy Limit

Wisconsin State Statutes provide for a limit on the property tax levies for all Wisconsin cities, villages, towns and counties. For the 2015 and 2016 budget years, Wisconsin Statutes limit the increase in the maximum allowable tax levy to the change in the City's January 1 equalized value as a result of net new construction. The actual limit for the City for the 2015 budget was 0.94%. The actual limit for the City for the 2016 budget was 0.33%. Debt service for debt authorized after July 1, 2005 is exempt from the levy limit. In addition, Wisconsin Statutes allow the limit to be increased for debt service authorized prior to July 1, 2005 and in certain other situations.

4. Capital Assets

Capital asset activity for the year ended December 31, 2015 was as follows:

| | | Primary Government | | | | | | | | | |

Enterprise Funds - Revenue Bonds

The City has issued Revenue Bonds as detailed on the next page. These bonds are considered special obligations of the City payable solely from net customer revenues of the respective Utility's operations and do not constitute debt which the faith and credit or taxing powers of the City are pledged. In accordance with the resolutions which authorized the issuance of the debt issues, the City agreed to, among other things, faithfully and punctually perform all duties with reference to the respective Utilities required by the Constitution and Statutes of the State of Wisconsin, including the making and collecting of reasonable and sufficient rates lawfully established for services rendered by the respective Utilities, and to segregate the revenues of the respective Utilities and apply them to the respective funds described in the authorizing Resolution. In addition, the borrowing resolution included restrictive investment provisions requiring fully insured or collateralized investments.

Utility Revenues Pledged

The City has pledged future water, sewer, and storm water customer revenues, net of specified operating expense, to repay the water, sewer, and storm water revenue bonds. Proceeds from the bonds provided financing for the construction or acquisition of capital assets used with the water, sewer, and storm water utilities. The bonds are payable solely from water, sewer, and storm water net revenues and are payable through 2035. The total principal and interest remaining to be paid on the water bonds is \$62,169,774. Principal and interest paid for the current year and total water customer net revenues were \$5,315,657 and \$8,177,498, respectively. The total principal and interest remaining to be paid on the sewer bonds is \$50,740,202. Principal and interest paid for the current year and total sewer customer net revenues were \$2,533,885 and \$5,548,934, respectively. The total principal and interest remaining to be paid on the storm water bonds is \$79,657,801. Principal and interest paid for the current year and total customer net revenues were \$4,037,675 and \$6,012,791, respectively.

Build America Bonds

The general obligation debt issued on May 1, 2009 and September 2, 2010 and revenue bonds issued on October 5, 2010 and October 14, 2010 qualifies as Build America Bonds, as described in Section 54AA of the Internal Revenue Code. The interest on the debt is taxable as set forth in the regulations. The City is eligible to receive a 35% subsidy of the annual interest payment from the Federal government. In order to receive this subsidy it is necessary for the City to file a claim form annually.

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

For the governmental activities, the other long-term liabilities are generally liquidated by the general fund.

Legal Margin for New Debt

The City's legal margin for creation of additional general obligation debt on December 31, 2015 is as follows:

| Equalized valuation | | | \$ 3,743,645,000 |
|---|----|-------------|---------------------|
| Margin of indebtedness: | | | |
| 5% of equalized valuation | | | \$ 187,182,250 |
| Less outstanding general obligation debt | \$ | 145,410,531 | |
| Deduct Debt Service Funds available for debt retirement | - | 976,051 | 144,434,480 |
| Margin of indebtedness | | | \$ 42,747,770 |

Advance Refunding

On July 15, 2015, the City issued debt to advance refunded \$7,395,000 of General Obligation Bonds, Series 2005A, \$7,950,000 of General Obligation Bonds, Series 2007A, and \$4,925,000 of General Obligation Bonds, Series 2008A. As a result, the bonds are considered to be defeased and the liability has been removed from the Statement of Net Position. This advance refunding has been undertaken to reduce total debt service payments by \$1,193,805 and to obtain an economic gain (difference between the present value of the debt service payments of the refunded and refunding debt) of \$558,646. On September 2, 2015, the City issued debt to current refund \$4,650,000 of Revenue bonds issued May 1, 2005. This current refunding has been undertaken to reduce total debt service payments by \$510,588 and to obtain an economic gain of \$271,984.

As of December 31, 2015, \$20,270,000 of General Obligation Bonds are now considered defeased.

Conduit Debt

The City has approved the issuance of industrial revenue bonds (IRB) for the benefit of private business enterprises. IRBs are secured by mortgages or revenue agreements on the associated projects and do not constitute indebtedness of the City. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The amount of IRBs outstanding at the end of the year is maintained by the individual private business enterprises and the lending institutions.

Component Unit Long-term Debt

Information relating to the outstanding long-term debt is as follows:

Redevelopment Authority

| Туре | Date of Issue | Interest Rate | Maturity Date | Original Amount | Balance Outstanding 12/31/15 |
|---|------------------|------------------|------------------|--------------------|------------------------------------|
| Taxable redevelopment lease revenue bonds | 6/20/2006 | 6.25% | 6/20/2031 | \$ 6,360,000 | \$ 6,360,000 |

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Annual principal maturities of the outstanding debt on December 31, 2015 are detailed below:

Year Ending December 31,

2016-2025 Thereafter \$ -6,360,000 \$ 6,360,000

The Authority has approved the issuance of Wisconsin Redevelopment Revenue Bonds (WRRB) for the benefit of private business enterprises. WRRBs are secured by mortgages or revenue agreements on the associated projects and do not constitute indebtedness of the Authority or City. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The amount of WRRBs outstanding at the end of the year is maintained by the individual private business enterprises and the lending institutions.

7. Pension Plan

a. Plan Description

The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

Notes to Basic Financial Statements
December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

b. Post-Retirement Adjustments

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

| Year | Core Fund Adjustment | Variable Fund Adjustment |
|------|----------------------|-----------------------------|
| 2005 | 2.6% | 7% |
| 2006 | 0.8% | 3% |
| 2007 | 3.0% | 10% |
| 2008 | 6.6% | 0% |
| 2009 | (2.1)% | (42)% |
| 2010 | (1.3)% | 22% |
| 2011 | (1.2)% | 11% |
| 2012 | (7.0)% | (7)% |
| 2013 | (9.6)% | 9% |
| 2014 | 4.7% | 25% |

c. Contributions

Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$3,187,776 in contributions from the City.

Contribution rates as of December 31, 2015 are:

| Employee Category | Employee | Employer |
|------------------------------------|----------|----------|
| General | 6.8% | 6.8% |
| Executives & Elected Officials | 7.7% | 7.7% |
| Protective with Social Security | 6.8% | 9.5% |
| Protective without Social Security | 6.8% | 13.1% |

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

d. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources Related to Pensions

At December 31, 2015, the City reported an asset of \$7,821,386 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2014, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2013 rolled forward to December 31, 2014. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The City's proportion of the net pension asset was based on the City's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2014, the City's proportion was 0.31842486%, which was a decrease of 0.00075854% from its proportion measured as of December 31, 2013.

For the year ended December 31, 2015, the City recognized pension expense of \$3,089,032.

At December 31, 2015, the City reported deferred outflows of resources related to pensions from the following sources:

Defermed Outflows

| | Resources |
|--|-----------------|
| Differences between expected and actual experience | \$ 1,133,858 |
| Net differences between projected and actual | |
| earnings on pension plan investments | 3,787,493 |
| Changes in proportion and differences between | |
| employer contributions and proportionate share | |
| of contributions | 86,678 |
| Employer contributions subsequent to the | |
| measurement date | 3,075,890 |
| Total | \$ 8,083,919 |
| | |

The \$3,075,890 reported as deferred outflows related to pension resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension asset in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

| Year ended | Defe | rred Outflows | |
|--------------|--------------|---------------|--|
| December 31, | of Resources | | |
| 2015 | \$ | 1,142,864 | |
| 2016 | | 1,142,864 | |
| 2017 | | 1,142,864 | |
| 2018 | | 1,142,864 | |
| 2019 | | 436,573 | |

Notes to Basic Financial Statements
December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

e. Actuarial Assumption

The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Valuation Date: | December 31, 2013 | | | | |
|--|--------------------------------|--|--|--|--|
| Measurement Date of Net Pension Asset: | December 31, 2014 | | | | |
| Actuarial Cost Method: | Entry Age | | | | |
| Asset Valuation Method: | Fair Market Value | | | | |
| Long-Term Expected Rate of Return: | 7.2% | | | | |
| Discount Rate: | 7.2% | | | | |
| Salary Increases: | | | | | |
| Inflation | 3.2% | | | | |
| Seniority/Merit | 0.2% - 5.8% | | | | |
| Mortality: | Wisconsin 2012 Mortality Table | | | | |
| Post-retirement Adjustments* | 2.1% | | | | |

^{*} No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 2.1% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2012 using experience from 2009 – 2011. The total pension liability for December 31, 2014 is based upon a roll-forward of the liability calculated from the December 31, 2013 actuarial valuation.

Long-term Expected Return on Plan Assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Long-Term Real Rate of Return | Target Allocation |
|----------------------------|-------------------------------------|-------------------|
| US Equities | 5.3% | 21% |
| International Equities | 5.7% | 23% |
| Fixed Income | 1.7% | 36% |
| Inflation Sensitive Assets | 2.3% | 20% |
| Real Estate | 4.2% | 7% |
| Private Equity/Debt | 6.9% | 7% |
| Multi-Asset | 3.9% | 6% |
| Cash | 0.9% | -20% |

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Single Discount Rate. A single discount rate of 7.20% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.20% and a long term bond rate of 3.56%. Because of the unique structure of WRS, the 7.20% expected rate of return implies that a dividend of approximately 2.1% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension asset to changes in the discount rate. The following presents the City's proportionate share of the net pension asset calculated using the discount rate of 7.20 percent, as well as what the City's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

| 1% Decrease to | Current | 1% Increase to |
|----------------|---------------|----------------|
| Discount Rate | Discount Rate | Discount Rate |
| (6.2%) | (7.2%) | (8.2%) |

City's proportionate share of the net pension asset (liability)

\$ (22,065,476) \$ 7,821,386 \$ 31,424,821

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at http://legis.wisconsin.gov/lab/ and reference report number 15-11.

At December 31, 2015 the City of Oshkosh reported a payable of \$623,391 for the outstanding amount of contributions to the pension plan for the year ended December 31, 2015.

Notes to Basic Financial Statements December 31, 2015

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

8. Interfund Balances and Activity

Interfund receivables and payables at December 31, 2015 were as follows:

| | (| Due From Other Funds | | Due to Other Funds |
|---|----|-------------------------|----|-----------------------|
| General fund | \$ | 1,299,028 | \$ | 160,925 |
| Special assessment improvement capital projects | | - | | 4,805,453 |
| TIF #7 SW Industrial Park | | 12,822,549 | | - |
| Nonmajor Governmental Funds | | | | |
| Special revenue funds | | 112,441 | | 419,002 |
| Capital projects funds | | 50,000 | | 4,574,587 |
| Permanent fund | | 905 | | 162,441 |
| Total governmental activities | | 14,284,923 | | 10,122,408 |
| Water utility fund | | 909,759 | | 77,799 |
| Sewer utility fund | | 317,225 | | 480,527 |
| Storm water utility | | 93,771 | | 1,622,522 |
| Nonmajor Enterprise Funds | | - | | 3,302,422 |
| Total business-type activities | | 1,320,755 | | 5,483,270 |
| Totals | \$ | 15,605,678 | \$ | 15,605,678 |
| | | | | |

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

Transfers within the reporting entity are substantially for the purposes of subsidizing operating functions, funding capital acquisitions or maintaining debt service on a routine basis. Resources are accumulated in a fund to support and simplify the administration of various projects.

The government-wide statement of activities eliminates as reported within the segregated governmental and business-type activities columns. Only transfers between the two columns appear in this statement.

The following schedule reports transfers within the reporting entity:

| | | | T | ransfer to | | | |
|-------------------------------|---------------------------------|-----------|----------|------------|--------------|--------|------------------|
| | Governmental Activities Busines | | | | usiness-type | | |
| Transfers from | General | | Nonmajor | | Activities | | Total |
| Governmental activities: | | | | | | | |
| Debt service fund | \$ | 8,748,227 | \$ | 148,887 | \$ | S:=S | \$ 8,897,114 |
| TIF #7 SW Industrial Park | | - | | 4,419,898 | | 1.7 | 4,419,898 |
| Nonmajor governmental funds | | 6,728 | | 2,670,274 | | 11,827 | 2,688,829 |
| Business-type activities: | | | | | | | |
| Water utility enterprise fund | | 1,000,000 | | * | | /4 | 1,000,000 |
| Total transfers to: | \$ | 9,754,955 | \$ | 7,239,059 | \$ | 11,827 | \$ 17,005,841 |

Notes to Basic Financial Statements
December 31, 2015

NOTE D - OTHER INFORMATION

1. Other Post-Retirement Benefits

a. Police-Fire Pension Fund

The City currently provides contributions to the Wisconsin Retirement Fund for employees formerly covered under the City sponsored and administered Police - Fire pension fund. In accordance with the statute terminating the pension funds, the City chose a "pay-as-you-go" basis for pension contributions in which payments are made to the Wisconsin Retirement Fund as the benefits become due and payable to the participants of the terminated plan. The total expense for 2015 was approximately \$51,859. The total estimated future cost to the City of this plan as of December 31, 2015 is not determinable.

b. Health Care

Plan Description - The City provides health care insurance coverage for employees who retire until they reach the age of 65. The retired employee contributes 100% of the premium for family coverage or 100% of the premium for single coverage. There are 563 active and 45 retired employees in the plan.

Annual OPEB Cost and Net OPEB Obligation - The City's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC), and the amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation.

| Component | Amount |
|--|-----------------|
| Annual required contribution | \$ 597,745 |
| Interest on net OPEB | 143,794 |
| Adjustment to annual required contribution | (237,419) |
| Annual OPEB cost (expense) | 504,120 |
| Contributions made | (224,771) |
| Change in net OPEB obligation | 279,349 |
| OPEB obligation - January 1 | 4,868,160 |
| OPEB obligation - December 31 | \$ 5,147,509 |

Notes to Basic Financial Statements
December 31, 2015

NOTE D - OTHER INFORMATION (Continued)

The annual required contribution for the current year was determined as part of the December 31, 2014 actuarial valuation using the unit credit actuarial cost method. The actuarial assumptions included (a) 3.0% discount rate, and (b) medical trend rate with initial rate at 5.5% and ultimate rate at 4.4%.

The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with a long-term perspective of the calculations. The unfunded actuarial accrued liability is being amortized of projected net retiree medical claims cost (and net administrative costs). The remaining amortization period at December 31, 2015 is 30 years, and the remaining amount is \$5,345,806.

Trend Information - The City's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 is as follows:

| Year Ended | Annual OPEB Cost | Percentage of Annual OPEB Cost Contributed | Net OPEB Obligation |
|---------------|------------------------|---|------------------------|
| 12/31/2013 | 1,181,708 | 41.87% | 4,519,616 |
| 12/31/2014 | 487,162 | 43.86% | 4,868,160 |
| 12/31/2015 | 504,120 | 44.59% | 5,147,509 |

Funded Status and Funding Progress - As of December 31, 2014, the most recent actuarial valuation date, the City's unfunded actuarial accrued liability (UAAL) was \$5,345,806.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future, such as assumptions about future terminations, mortality, and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actuarial results are compared with past experience and new estimates are made about the future.

The City will not directly pay out the benefit amount since the retirees pay their entire premium. The benefit that the retirees receive are included within the City's annual premiums.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

| Valuation date | Decem | ber 31, 2014 |
|-------------------------------|------------|--------------------|
| Actuarial cost method | | Unit Credit |
| Amortization method | | Level |
| Remaining amortization period | | 30 years |
| Actuarial assumptions - | | • |
| Investment rate of return | | 3.0% |
| Medical trend rate | initial - | 5.5% |
| | ultimate - | 4.4% |

Notes to Basic Financial Statements December 31, 2015

NOTE D - OTHER INFORMATION (Continued)

2. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The City completes an annual review of its insurance coverage to ensure adequate coverage.

3. Contingencies

- a. The City participates in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial.
- b. From time to time, the City is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management and legal counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

4. Self-insured medical care coverage plan

The City maintains a self-insured medical care coverage plan for its employees. The City has established the Hospital Insurance Fund (an Internal Service Fund) to account for the financing of its uninsured risked of loss. Under this program, the Hospital Insurance Fund provides coverage up to a maximum of \$75,000 per contract. The City purchases commercial insurance for claims in excess of coverage provided by the Fund.

All funds of the City participate in the program and are charged amounts needed to pay prior – and current - year claims and to establish a reserve for future insurance costs. That reserve was \$1,848,284 at December 31, 2015 and is reported as the net position balance of the Internal Service Fund. The claims liability of \$800,000, reported in the Fund at December 31, 2015, is based on the requirements of Governmental Accounting Standard Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Funds' claims liability amount in 2015 were:

| Year Ended | Beginning of Fiscal Year Liability | Current Year Claims and Changes in Estimates | Claim Payments | Balance at Fiscal Year End |
|---------------|--|---|-------------------|----------------------------------|
| 12/31/2015 | \$800,000 | \$9,604,962 | \$9,604,962 | \$800,000 |
| 12/31/2014 | \$800,000 | \$9,188,047 | \$9,188,047 | \$800,000 |

Notes to Basic Financial Statements
December 31, 2015

NOTE D - OTHER INFORMATION (Continued)

5. Cumulative Effect of Change in Accounting Principles

The City has adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27 and Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68, which revised and established new financial reporting requirements for governments that provide their employees with pension benefits. The new standards recognize pension costs as employment services are provided, rather than when the pensions are funded. The cumulative effect of this change is summarized below:

| | | | Business-type Activities | | | | | | | |
|----------------------|--------------|-----------|--------------------------|-----------|------------|----------|----------|-------------|--------------|--|
| | Governmental | Transit | Water | Sewer | Stormwater | Parking | Golf | | | |
| | Activities | Utility | Utility | Utility | Utility | Utility | Course | Total | Total | |
| Net Pension Asset | \$10,830,966 | \$444,661 | \$510,101 | \$542,342 | \$ 203,293 | \$10,099 | \$42,338 | \$1,752,834 | \$12,583,800 | |
| Deferred Outflows | | | | | | | | | | |
| of Resources | 2,720,452 | 116,917 | 131,230 | 145,311 | 56,592 | 2,672 | 11,567 | 464,289 | 3,184,741 | |
| Total Cumulative | | | | | | | | | | |
| Effect of Change in | | | | | | | | | | |
| Accounting Principle | \$13,551,418 | \$561,578 | \$641,331 | \$687,653 | \$ 259,885 | \$12,771 | \$53,905 | \$2,217,123 | \$15,768,541 | |

6. <u>Upcoming Accounting Pronouncements</u>

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 72, Fair Value Measurement and Application. Statement No. 72 requires measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and acceptable valuation techniques. This Statement also requires disclosures about the impact of fair value measurements on a government's financial position. GASB Statement No. 72 is required to be adopted for years beginning after June 15, 2015. The City is currently evaluating the impact this standard will have on the financial statements when adopted.

In June 2015, the GASB issued two new standards addressing accounting and financial reporting for post-employment benefits other than pensions (OPEB). GASB Statement No. 74, Financial Reporting for Post-employment Benefit Plans Other Than Pension Plans, addresses reporting by OPEB plans whereas GASB Statement No. 75, Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions, addresses accounting and reporting by employer governments that provide OPEB benefits to their employees. The City will, after adoption of GASB No. 75, recognize on the face of the financial statements its net OPEB liability. GASB No. 74 is effective for fiscal years beginning after June 15, 2016 whereas GASB No. 75 is effective one year later. The City is currently evaluating the impact these standards will have on the financial statements when adopted.

Notes to Basic Financial Statements December 31, 2015

NOTE D - OTHER INFORMATION (Continued)

7. Subsequent Events

On May 25, 2016 the City issued \$7,950,000 of general obligation bonds, for which a portion of the proceeds will be used to finance capital improvement projects and a portion will be used to call the outstanding balance of the 2005 general obligation refunding bonds. The bonds are payable through 2035 at interest rates ranging from 2.00% - 4.00%. On that same day, the City also issued \$4,700,000 of general obligation notes, the proceeds of which will be used to finance capital improvement projects. The notes are payable through 2025 at interest rates of 2.00% - 4.00%. On July 6, 2016, the City issued \$9,850,000 of general obligation refunding bonds, the proceeds of which will be used to call the outstanding balance of the August 22, 2014 state trust fund note. The bonds are payable through 2034 at interest rates ranging from 2.25% - 3.00%. On July 6, 2016 the City also issued \$10,045,000 of sewer system revenue bonds, the proceeds of which will be used to finance improvements and extensions of the City's sewer system. The bonds are payable through 2036 at interest rates ranging from 2.00% -3.00%. On July 19, 2016, the City issued \$711,300 of general obligation notes, to proceeds of which will be used to finance capital improvement projects. The notes are payable through 2026 at an interest rate of 3.00%. On July 20, 2016 the City issued \$5,175,000 of storm water utility revenue bonds, the proceeds of which will be used to finance improvements and extensions of the City's storm water system. The bonds are payable through 2036 at interest rates ranging from 2.00% - 3.00%. On that same day, the City also issued \$6,835,000 of water system revenue bonds, the proceeds of which will be used to finance improvements and extensions of the City's water system. The bonds are payable through 2036 at interest rates ranging from 2.00% - 3.00%.

Note: Real estate taxes my be paid in a single payment due January 31, or in four installments, January 31, March 30, May 31, and July 31. The City collects taxes on behalf of the overlapping governments. The City remits taxes to the other governments on five settlement dates - January 15, February 15, April 15, June 15, and August 15. The City then transfers the delinquent taxes to the County by August 15 and the County in turn makes the City whole with a settlement on August 20. The City retains the responsibility of collecting delinquent personal property taxes.

(1) - Total Tax Levy represents the real estate tax levies for the City, overlapping districts, and personal property taxes.

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

⁽¹⁾ On August 22, 2014, the City paid off its Unfunded Pension Liability (WRS) with a State Trust Fund Loan. This loan is payable through 2034 with an interest rate of 4.25%. As a result, general obligation debt increased \$10,233,802 which was split between governmental and business-type activities.

⁽²⁾ On January 1, 2011, the City reclassified its TIF District funds from enterprise funds to capital project funds. As a result, general obligation debt associated with the TIF Districts was reclassified from business-type activity to governmental activity debt. The amount reclassified was \$27,527,728.
