GENERAL

GRANTEE: City of Oshkosh, WI

CONSOLIDATED PLAN PERIOD: 2010 to 2014

PERIOD COVERED BY ACTION PLAN: 5/1/2014 to 4/30/2015

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

During the 2014 Program Year, the City of Oshkosh will pursue the implementation of projects and activities in four major categories: 1) Central City Redevelopment & Community Facilities; 2) Housing & Neighborhood Development; 3) Public Services; and 4) Program Administration & Planning. Of the \$735,085 in estimated CDBG funds plus 2014 Program Income, a minimum of 70% of funds must be spent on activities that will benefit LMI persons.

PROJECTS		2014 Estimated Allocation	2014 Estimated LMI Benefit
I.	Central City Redevelopment & Community Facilities	\$100,000	\$0
II.	Housing & Neighborhood Development	\$440,085	\$440,085
III.	Public Services		
	A. General Public Services/Consortium	\$75,000	\$75,000
IV.	Program Administration & Planning	\$107,500	\$0
	A. Fair Housing Center of Northeast WI	\$12,500	\$0
	Subtotal	\$120,000	\$0
	Total	\$735,085	\$515,085

Using the formula below to determine minimum LMI benefit, we determined that the estimated expenditures exceed the 70-percent minimum LMI Benefit:

$$\begin{aligned}
 & \frac{\text{2014 Estimated LMI Benefit}}{(\text{2014 Estimated Entitlement Funds} + \text{2014 Estimated Program Income}) - \text{Program Administration}} \\
 & = \\
 & \text{2014 Estimated LMI Benefit Percentage} \\
 & \frac{\$515,085}{(\$735,085 + \$0) - \$120,000} = \$615,085 \\
 & \$515,085 / \$615,085 = \\
 & 83.74 \%
 \end{aligned}$$

Activities funded with CDBG funds in this Action Plan will meet the national objectives of benefiting LMI persons and/or preventing or eliminating slum or blighting conditions.

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.

GEOGRAPHIC AREAS

Assistance will be directed primarily to LMI census tracts and block groups as shown in the map on page 6. The majority of the LMI census tracts and block groups are located within the oldest areas of the Central City, which are predominately single and two-family residential neighborhoods (though many have experienced inappropriate single family to multiple family conversions), but also include a mix of commercial, industrial and institutional uses.

Within these geographic areas, priority will be given to assistance in the areas indicative of the following:

- Areas with high concentrations of rental housing and inappropriately converted single family to multiple family housing.
- Priority areas, as identified in the City's 2005-2025 Comprehensive and Neighborhood Redevelopment Plans.
- Areas showing evidence of an increase in physical blight, abandonment or foreclosures.
- Historic Districts, especially those that are threatened.

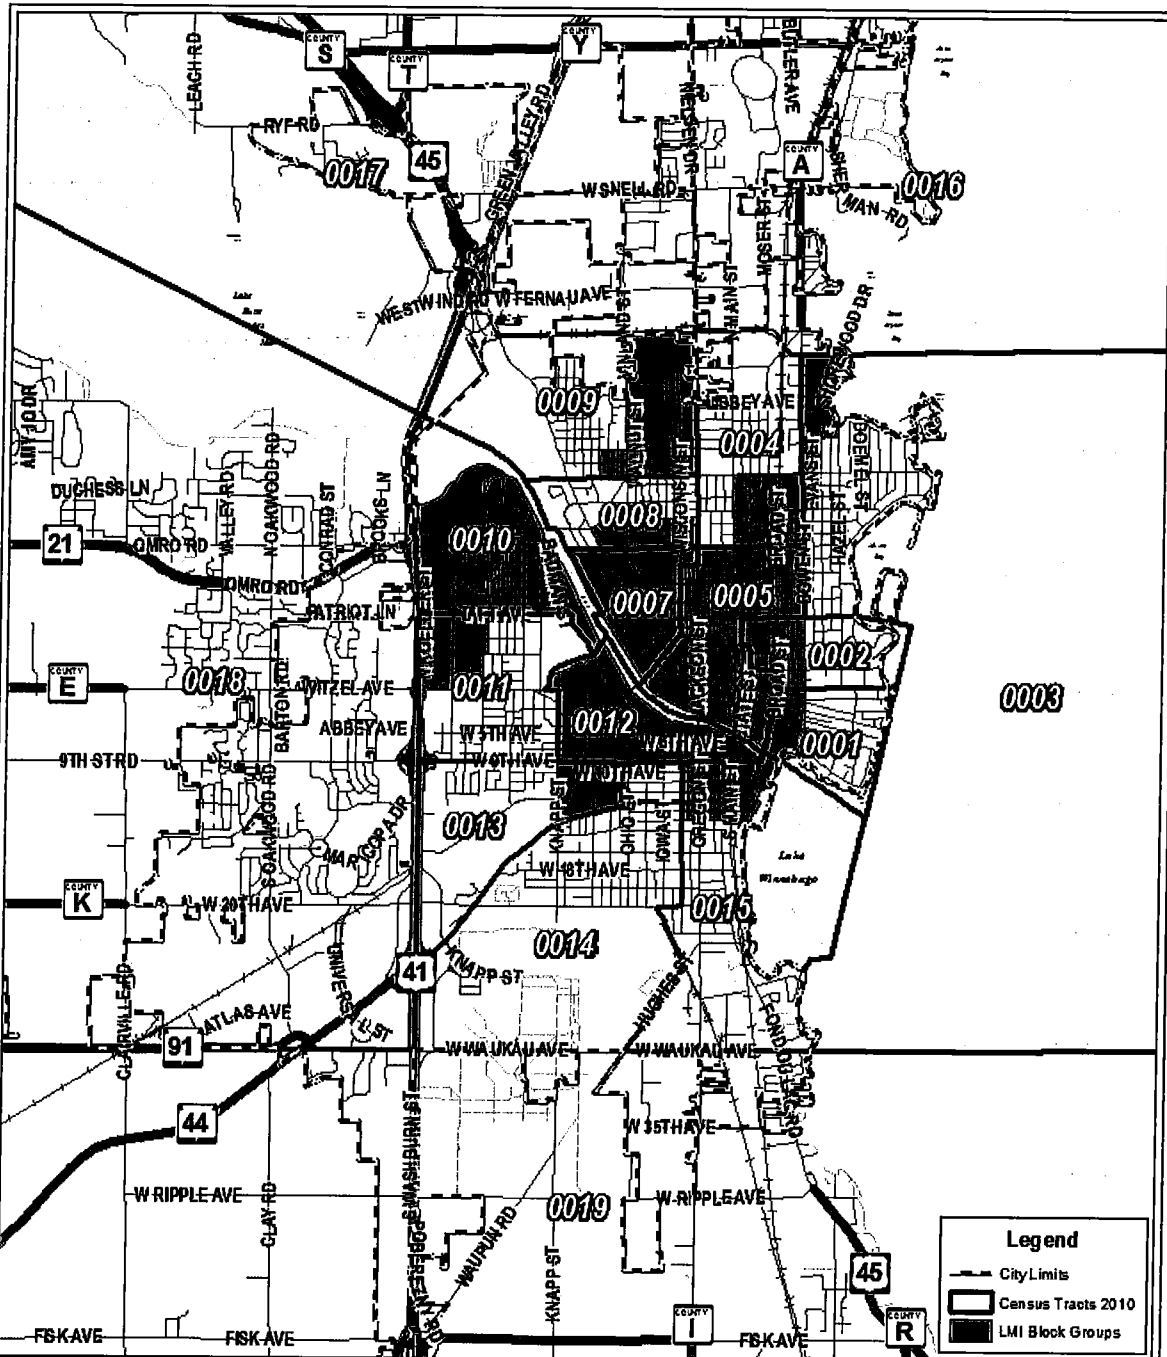

AREAS OF MINORITY CONCENTRATION

Census block groups with over 150 persons answering with a "Non-White" race in the 2010 Census are shown in the table below. After excluding census block groups with institutionalized populations such as the State of Wisconsin Correctional Facility, the University of Wisconsin-Oshkosh student housing, the Winnebago County Mental Health Institution, and the Park View Health Center, the block groups with the greatest racial/minority concentrations are as follows:

AREAS WITH HIGHEST NUMBER OF RACIAL/MINORITY CONCENTRATIONS		
Geographic Area	Number of Non-White Alone	Percent of Non-White Alone
Census Tract 5, Block Group 3	157	8.91
Census Tract 5, Block Group 2	192	23.53
Census Tract 5, Block Group 6	152	16.10
Census Tract 2, Block Group 3	179	20.62
Census Tract 3, Block Group 2	265	12.28
Census Tract 9, Block Group 2	170	9.09
Census Tract 10, Block Group 2	152	9.72

Source: 2010 U.S. Census

These block groups are predominately located in the Central City area and are all located in LMI census tracts.

2010 LMI Census Block Groups

The City of Oshkosh creates and maintains GIS maps and data for its own use. They may show the approximate relative location of property, boundaries and other feature from a variety of sources. These maps/databases are provided for information purposes only and may not be sufficient or appropriate for legal, engineering, or surveying purposes. They are provided "AS-IS" without warranties of any kind and the City of Oshkosh assumes no liability for use or misuse.

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.

The City adopted the 2005-2025 Comprehensive Plan in March, 2005. Nine elements are outlined in Wisconsin comprehensive planning legislation, including a housing element, which requires the following:

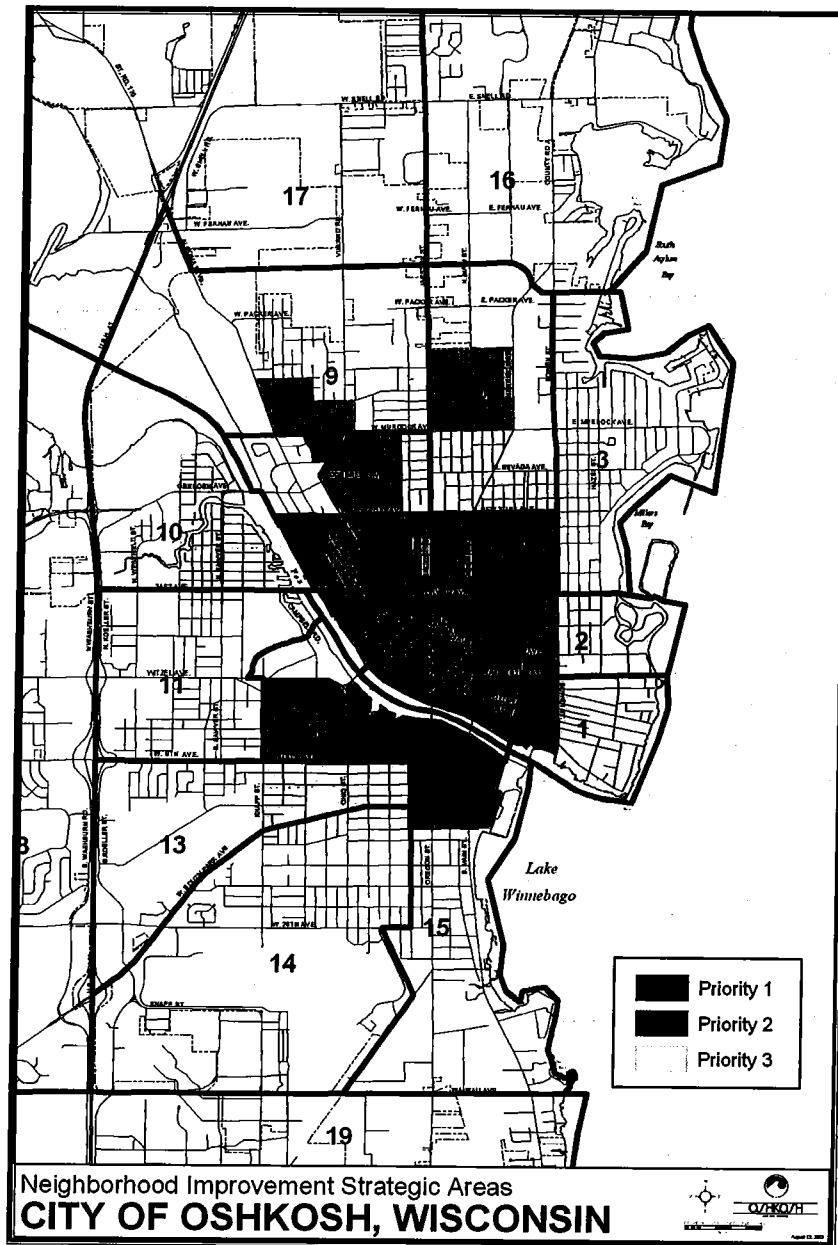

- A compilation of objectives, policies, goals, maps and programs of the City to provide an adequate housing supply that meets existing and forecasted housing demand.
- The element shall assess the age, structural, value and occupancy characteristics of the city's housing stock.
- The element shall also identify specific policies and programs that promote the development of housing for residents of the city and provide a range of housing choices that meet the needs of persons of all income levels and of all age groups and persons with special needs, policies and programs that promote the availability of land for the development or redevelopment of low-income and moderate-income housing, and policies and programs to maintain or rehabilitate the city's existing housing stock.

Neighborhood Improvement Strategic Areas with three levels of priority were identified within the Comprehensive Plan document based on neighborhood characteristics. To establish the "priority areas," data from the U.S. Census (tract and block group level) were analyzed, including the value and age of the housing stock, the tenure of residents (owner versus renter), and the LMI areas. This data serves as the basis for assigning the priority given to each area. While three different priority levels are identified, funds will be concentrated within Priority 1 & 2 Areas, and particularly in the three, identified as the Near East Neighborhood priority area, the Broad/Bay Neighborhood priority area and the Middle Village Neighborhood priority area (described in further detail below).

Characteristics of the Priority 1 & 2 Areas are as follows:

Priority 1 & 2 Areas are the areas shown on the following maps. These areas tend to have poor streets, or streets without curb and gutter, and have the greatest need for neighborhood revitalization and housing rehabilitation. All Priority 1 & 2 Areas are in LMI census tracts or block groups. Other characteristics include:

- Owner-occupied rates lower than the city as a whole.
- Percentage of homes built pre-1940 is higher than the overall percentage.
- The median year structures were built in these areas range from pre-1940 to 1955, compared to the city's median year of 1959.
- The median value for owner-occupied units ranges from 4 to 28 percent lower than the city's overall median value of \$117,100.

The City will use CDBG funds in these priority areas for housing related activities such as single family and multiple family rehabilitation, homeownership assistance programs, and preservation of historic residential structures and may also use funds for non-housing community development needs such as the establishment of neighborhood associations, streetscaping, neighborhood facilities, parks/recreational facilities, and public facilities and improvements. The City may also use funds for the purchase, demolition, and disposition of deteriorating or blighting structures/properties. In addition, the City aims to coordinate the expenditure of CDBG funds with the implementation of the City's Capital Improvement Program (CIP). Activities funded through the CIP plan include the upgrade of streets, sidewalks, and sewer/water/storm sewer service lines.

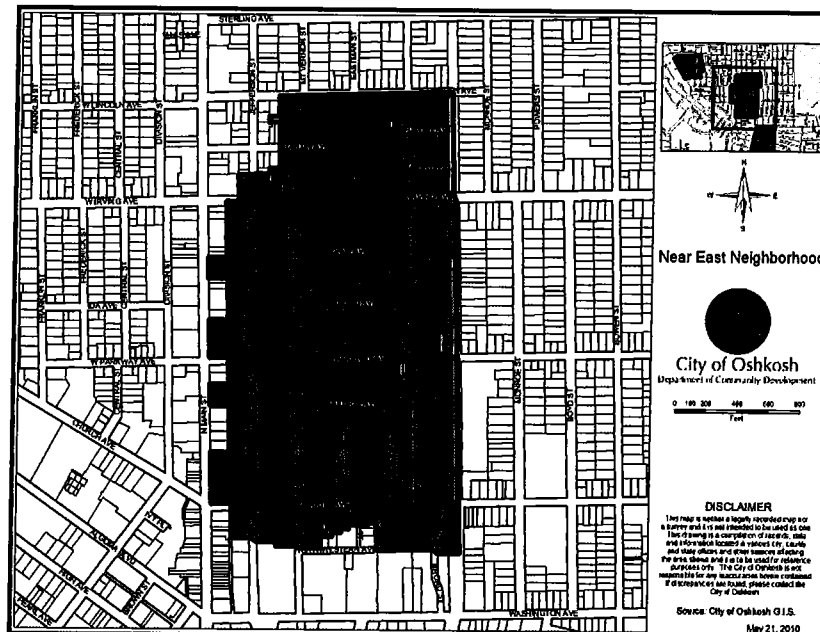

In addition to bricks & mortar activities such as housing, street, and sidewalk rehabilitation, other activities may include:

- Analysis of zoning to determine compatibility with overall neighborhood goals and recommendations such as down zoning or redevelopment options.
- Enforcement of existing codes including systematic inspection/evaluation of properties on a block by block basis for determination of blighting influence.
- Survey of properties as potential State Historical Society or local Landmark Commission nomination.
- Creation of Neighborhood Watch groups and Neighborhood Associations.
- Provision of landlord and/or tenant training programs.
- Analysis of neighborhood quality of life conditions such as parking restrictions, transit availability, proximity to parks, etc.

Associated with these priority areas are redevelopment areas designated by the City. Eligible activities in these Central City redevelopment areas include acquisition and disposition of property, relocation and demolition of blighting structures. The end result being new housing, uses that create job opportunities for LMI people or a combination of housing and commercial uses that would meet both of these objectives.

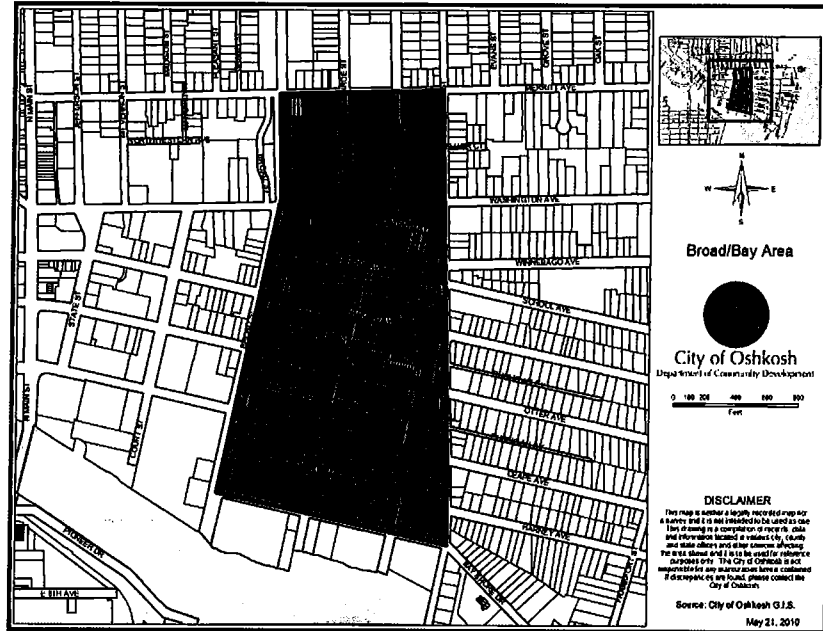

The **Near East Neighborhood (NEN)** was selected as the first neighborhood where concentrated efforts took place in the 2005-2009 Consolidated Plan timeframe and continue to take place throughout this 2010-2014 Consolidated Plan period. This neighborhood is bordered on the west by Jefferson Street, on the north by Lincoln Avenue, on the south by Merritt Avenue and on the east by the Canadian National Railroad. Activities undertaken in the NEN have and will meet the national objectives of benefiting LMI persons and preventing/eliminating slums or blight. The NEN is entirely within either a LMI Census Tract or Block Group; therefore, the percentage of LMI persons is at least 51% of the residents within the neighborhood. This neighborhood consists

of all of Census Tract 2, Block Group 3, and a portion of Block Group 2 and 3 of Census Tract 5. Activities for residents of this area may be conducted with a LMI Area Benefit because these activities are available to benefit all residents of the service area. Services for specific residents of the service area (seniors, tenants, children, etc.) may also qualify under the Limited Clientele subcategories of the LMI Area Benefit national objective.

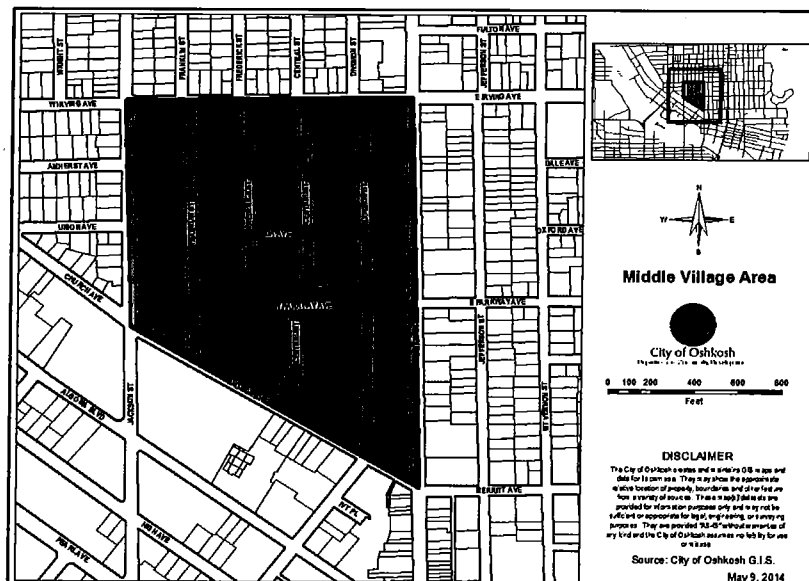

The **Broad/Bay Area Neighborhood** is anticipated to be initiated as the second focused neighborhood improvement area. This neighborhood improvement area is bordered on the west by Broad Street, on the north by Merritt Avenue, on the south by Bay Shore Drive and on the east by the Bowen Street. The City of Oshkosh Department of Community Development sees this as an appropriate selection due to the age and condition of the housing stock, the low rate of owner occupancy (57.68% per the 2010 Census), and the fact the area is a LMI block group.

The City will supply CDBG rehabilitation funding, Neighborhood Initiative funds, technical assistance, and will consider adoption of supportive zoning regulations for the creation of a true private-public partnership. The Broad/Bay Area is Block Group 3 of Census Tract 1, and is a LMI block group. The neighborhood is primarily residential in use and the boundaries in the map delineate the area that will be

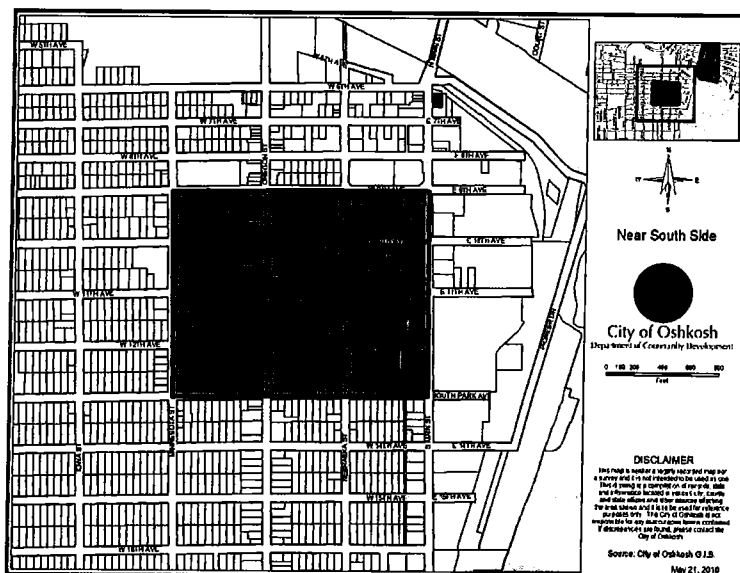

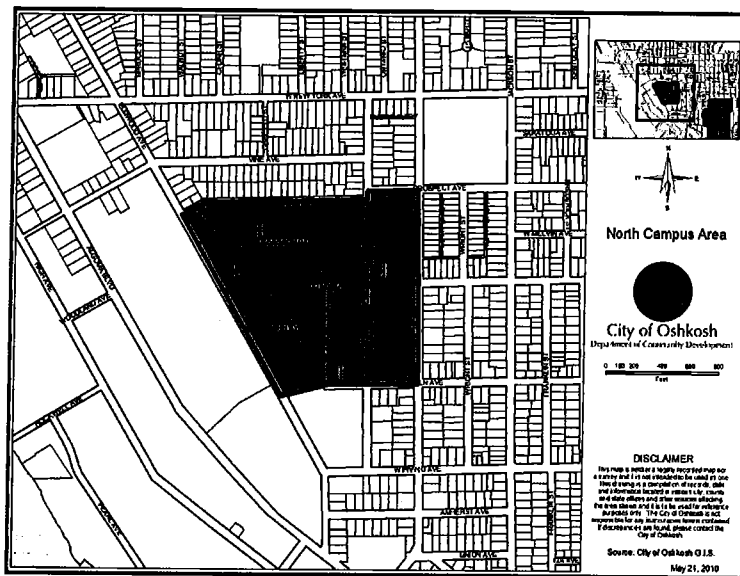

served by these concentrated neighborhood activities. Therefore, activities for residents of this area may be conducted with a LMI Area Benefit because these activities are available to benefit all residents of this defined service area. Services for specific residents of the service area (seniors, tenants, children, etc.) may qualify under the Limited Clientele subcategories of the LMI Area Benefit national objective.

The **Middle Village Neighborhood (MVN)** is an area where concentrated efforts will take place. This neighborhood is bordered on the west by Jackson Street, on the north by W Irving Avenue, on the south by Church Avenue and on the east by N Main Street. Activities undertaken in the MVN will meet the national objectives of benefiting LMI persons and preventing/eliminating

slums or blight. The MVN is entirely within either a LMI Census Tract or Block Group; therefore, the percentage of LMI persons is at least 51% of the residents within the neighborhood. This neighborhood is within Census Tract 5, Block Group 3. Activities for residents of this area may be conducted with a LMI Area Benefit because these activities are available to benefit all residents of the service area. The City of Oshkosh Department of Community Development sees this as an appropriate selection due to the age and condition of the housing stock, the low rate of owner occupancy (30.64% per the 2010 Census), and the fact the area is a LMI block group. Services for specific residents of the service area (seniors, tenants, children, etc.) may also qualify under the Limited Clientele subcategories of the LMI Area Benefit national objective.

The North Campus Neighborhood and the Near Southside Neighborhoods are also Priority 1 neighborhood improvement areas. These areas are not expected to become “active” during the 2010-2014 Consolidated Plan Period; however, special consideration on spending, especially with slum and blight removal and rehabilitation projects, will be given in these areas.

2. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.

The City will continue to initiate progress towards implementation of the added strategic neighborhood area as well as adding the two additional neighborhood improvement strategic areas. City departments will continue to participate in internal discussions (Police, Inspections, Planning, Assessor, etc.) and coordinate with citizens in the selected areas. By coordinating actions of City staff, the obstacle for staff capacity will be addressed so that actions can be as concentrated as possible. Also by involving the residents of these neighborhoods, the residents will be a resource of information and for implementation of the strategies.

Coordination between the public and private sectors will form a partnership to address priorities of these neighborhoods. The intended outcome of tailoring needs to the neighborhoods will be that the residents will be much more informed and intricately involved in the governance and neighborhood redevelopment activity processes in order to direct and aid in the implementation of neighborhood projects. In January 2011, a partnership began, with Neighborhood Housing Services of Southeast Wisconsin, Inc., dba NeighborWorks Badgerland, a Community Housing Development Organization (CHDO). This partnership is intended to be used as a nongovernmental tool to assist in the establishment of neighborhood associations in priority areas. The goals of this partnership are neighborhood revitalization, community building, lending, homebuyer education, housing rehabilitation, general review of the housing and neighborhood improvement programs and broader neighborhood improvement activities, as determined by the City, the CHDO and resident input.

3. Identify the federal, state, and local resources the jurisdiction expects to receive to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan. (92.220(c)(1))

The Oshkosh/Winnebago County Housing Authority is an independent quasi-governmental agency operating in Oshkosh. It is anticipating receiving a range of federal funds in support of affordable housing for the reporting period beginning April 1, 2014.

Based on previous years and known allocations, the Authorities will anticipate Capital Fund Grants totaling \$476,476 and Operating Fund Grants totaling \$693,641 to subsidize the costs of Public Housing in Oshkosh.

Recycled funds will allow continued utilization of the Neighborhood Stabilization Program (NSP) grant, with \$200,000 scheduled for acquisition of a site for subsidized rental housing development and an equal amount available for assisting with acquisition and rehabilitation of foreclosed properties for home ownership.

4% Low Income Housing Tax credits are also being sought to assist in developing 50-60 apartments at 1402 Mt. Vernon, to restore public housing units lost through renovations at Court Tower and Mainview totaling \$9,982,450.

Further support of affordable housing in Oshkosh/Winnebago County would be the Section 8 Project-Based Subsidies, which support tenancies at Marian Manor and Cumberland Court Apartments. Housing Assistance Payments for the projected year are likely to be just over \$1,095,140.

The Housing Choice Vouchers program will be supported by a HUD budget authority of \$1,252,918 for Housing Assistance payments and \$143,064 for administrative expenses. Spending for that program will support affordable housing beyond the municipal borders with projected Oshkosh costs to be about 50 percent of that amount.

A two year HOME Program Agreement was entered into with the State of Wisconsin Dept of Administration in the amount of \$310,800 to participate in the Home Buyer Program. Also a two year Housing Cost Reduction Initiative Program Agreement was signed for 2013 – 2015 for \$75,600.

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.

The City of Oshkosh Department of Community Development is the lead agency responsible for administering the programs covered by the 2010-2014 Consolidated Plan and the 2014 Action Plan. The Department will also subcontract with public service providers individually and through the Public Service Consortium. Staff from these individual agencies will be responsible for administering their own programs and reporting required information back to the Department. For example, the City will contract with Metropolitan Milwaukee Fair Housing Council to provide services related to Fair Housing Counseling. Subgrantees are required to provide quarterly reports showing progress during the administration of their program.

In order to keep Oshkosh residents familiar with the CDBG program, City staff will present the annual Consolidated Annual Performance and Evaluation Report (CAPER) to the Plan Commission, which is broadcast on the local cable access television station. It is done to show success stories for the program year that had been completed and to familiarize the Plan Commission and the television audience with the CDBG program. Additionally, mass mailings and discussions on the Oshkosh Community Access Television will be conducted to showcase the rehabilitation programs.

In the development of this Plan, a public informational meeting was held on April 29, 2014 at the Oshkosh City Hall to present the recommended 2014 Action Plan, as well as answer questions and solicit comment. The recommended 2014 Action Plan is then presented to the Plan Commission during their regularly scheduled meeting and a recommendation is forwarded to the Common Council, who in turn approves, denies or modifies the recommendations.

2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.

Cooperation between the public, quasi-public and private housing, health and social service agencies is at a high level based on a long history of cooperation and coordination and use of the Public Service Consortium, the Winnebagoland Housing Coalition, Lead Prevention

Coalition, Fox Valley Health Consortium and the regional division of the Wisconsin Association of Local Health Departments and Boards.

3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

At this time, no additional actions have been identified beyond what the City is currently doing to coordinate with other agencies.

1. Provide a summary of the citizen participation process.

As part of the preparation of the 2014 CDBG Action Plan programs/budget, a neighborhood public meeting to outline the budget was held at the Oshkosh City Hall on April 29, 2014. The four broad categories for projects (Central City Redevelopment & Community Facilities, Housing & Neighborhood Development, Public Services, and Program Administration & Planning) and estimated funding levels were presented to the general public in a neighborhood-style information meeting. The results and comments, as well as the estimated funding levels, were also forwarded to the City Plan Commission and the Common Council in May 2014.

Specific actions for participation in the 2014 Action Plan included an April 12 and 19, 2014 legal public notice published in the *Oshkosh Northwestern* notifying the public of a neighborhood public meeting/hearing on the Plan on April 29, 2014.

On May 6, 2014, the Oshkosh Plan Commission reviewed the 2014 Action Plan to ensure consistency with the City's 2005-2025 Comprehensive Plan, official maps, or other planned activities of the City. The meeting was televised on the local cable access channel so that television viewers could also see the proposal.

On May 13, 2014, the Oshkosh Common Council held a public hearing on the 2014 Action Plan to receive any comments or views on the Plan. This meeting was also broadcast on the local cable access channel.

2. Provide a summary of citizen comments or views on the plan.

There were no public comments regarding the proposed 2014 Action Plan at the April 29, 2014 neighborhood public meeting.

The Oshkosh Plan Commission reviewed the document at its May 6, 2014 meeting. The Commission made the statement that they have reviewed the plan for conformance with the City's 2005-2025 Comprehensive Plan, official maps, or other planned activities of the City. There were no comments from the public or the Commission.

On May 13, 2014, the Oshkosh Common Council held a public hearing on the proposed 2014 Action Plan. There were no comments from the public or the Council.

3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.

A legal ad was published in the *Oshkosh Northwestern* on April 12, and 19, 2014, notifying readers of the April 29, 2014 public neighborhood meeting and meetings/hearings before the Plan Commission and the Common Council. Within the notice was an invitation to persons with specialized needs (language, handicap accessibility, etc.) to call the City to make any necessary arrangements. All meetings held in conjunction with the preparation of this Plan were held in handicap accessible buildings and meeting rooms. Outreach also included contact with the local Hmong Service Center (largest minority group in Oshkosh), UMOS (United Migrant Opportunity Service), ADVOCAP (representing many persons with special needs), and with the Oshkosh Seniors Center.

A public meeting was held on May 6, 2014 with the Oshkosh Plan Commission. The Plan Commission reviewed the Action Plan for consistency with the City's 2005-2025 Comprehensive Plan, official maps, or other planned activities of the City. The meeting was televised on the local cable access channel so that television viewers could also see the proposal. Copies of the staff reports, plan and minutes are included on the City's website.

A public hearing was held on May 13, 2014 with the Oshkosh Common Council. The Council and public were given an opportunity to provide input regarding the proposed projects in the plan. This meeting was also broadcast on the local cable access channel. Copies of the Council Resolution, staff reports, and plan are included on the City's website.

4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

There were no comments.

1. Describe actions that will take place during the next year to develop institutional structure.

Actions taken will be continuations of commitments City staff has made to overcome gaps among institutional structures. The City will continue to work with the Oshkosh Area United Way and the Oshkosh Area Community Foundation on coordination and supervision of the CDBG and other funds for public service activities and programs through the Public Service Consortium. This joint coordination effort is designed to avoid unnecessary duplication of efforts in providing financial awards to service providers.

In providing funding for the Oshkosh/Winnebago County Housing Authority's Homeownership Assistance Program and the Fair Housing Center of Northeast Wisconsin, the City will stipulate that CDBG funded activities will be undertaken in a manner which increases coordination and cooperation between funded agencies and others working with the same populations and providing similar or complimentary services and programs.

Also, the WinnebagoLand Housing Coalition is an organization oriented to coordination between public and private social service agencies in Oshkosh. While the City is not in a position to direct or control the activities of this group, City staff does participate. In addition, the City will forward information through an electronic listserv.

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

The City of Oshkosh Department of Community Development will coordinate the implementation of this Action Plan and report progress towards the goals from the Consolidated Plan in the Department of Housing and Urban Development (HUD) Integrated Disbursement and Information System (IDIS) and annual CAPER. Monitoring of projects is done on a case-by-case basis as funds are requested. Subrecipient monitoring is done through submittal of program information, required by the Agreements between the City and subrecipient, as well as monitoring spending through staff contact, invoice submittal and review and site visits.

The monitoring actions are conducted to ensure the timeliness of spending. Quarterly and annual reports are required for all funded activities. When these reports are submitted they are reviewed in accordance with the Agreement. If quarterly reports are not made on time or the subrecipient is not meeting the requirements of the Agreement, the Department staff will meet with the subrecipient for a coordination meeting and monitor progress to meet the requirements of the Agreement.

Housing rehabilitation activities are monitored during the rehabilitation period when construction is underway. Payments are not made until the contractor has satisfactorily completed the work including obtaining the appropriate zoning, building, plumbing, electrical, or HVAC permits needed. The Department of Community Development's Housing Rehabilitation Specialist checks to make sure permits have been obtained and the contractor has requested code compliance inspections. A compliance inspection of the work is also made by the Housing Rehabilitation Specialist and/or appropriate staff of the City's Inspection Services Division to determine compliance with local zoning and the Uniform Dwelling Code. When it is determined that the work is satisfactorily completed, after securing the owners signature on a payment request form, payment to the contractor is released. No final payment is made on a project until the contractor has satisfactorily completed the work in accordance with the contract and the work complies with housing codes as determined by the appropriate inspectors. Many projects have several inspections to determine compliance, depending on the scope of work of the contract.

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

All properties where CDBG funds are used will be assessed for lead-based paint hazards and a Lead Risk Assessor will address such issues. The City of Oshkosh has a Lead Risk Assessor on staff. If additional funding for lead abatement becomes available, the City will apply for these funds. Additionally, all contractors used to perform lead hazard reduction work must be trained and certified by the State in a lead hazard reduction discipline and associated with a certified lead company. The City prefers to work with State Certified general contractors as part of their housing improvement programs, as most projects disturb lead-based paint or control/abate lead-based paint hazards. However, the general contractor may subcontract the lead work to a certified lead subcontractor.

In addition, the City of Oshkosh offers financial assistance for lead training to new contractors interested in participating in the housing improvement programs, along with existing contractors looking to upgrade their existing certifications or send employees to become certified.

HOUSING

PLEASE ALSO SEE HOUSING NEEDS TABLE IN APPENDIX

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.
2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

The City's housing objectives for the 2014 Program Year can be summarized into four categories including Housing Rehabilitation, Homebuyer Assistance, Neighborhood Improvement Strategy Areas and Fair Housing. These activities are described in detail below as is the resources to be allocated for each.

Housing Rehabilitation

The City has allocated \$440,085 in CDBG funds for this purpose.

Rental Rehabilitation

2014 funds will be combined with previous program year unspent funds to continue with the creation/conversion/rehabilitation of LMI rental units in the 2014 Program Year. These projects are sought through direct application and coordinated application with the Winnebago County Apartment Association. The City anticipates five rehabilitations will be completed in the 2014 Program Year.

Owner-Occupied Housing Rehabilitation

After housing administration-related salaries are deducted from this total, the City anticipates 15 rehabilitations will be completed. Some of this rehabilitation funding will be for projects that participate in the Oshkosh/Winnebago County Housing Authority's Homebuyer Assistance Program. The City will access lead abatement grant funding as available and needed in

conjunction with rehabilitation projects. Funds will be committed to additional projects during the program year; however, these may not be completed in the same program year due to availability of contractors and weather related problems. Projects may include those providing handicap modifications.

Also, any program income received during the 2014 Program Year will be used for eligible affordable housing projects. This program income is for the most part received from mortgage satisfactions; however, in 2014, the City does not expect program income for this program year due to housing and economic conditions.

Homebuyer Assistance

The City anticipates providing support to first time purchasers through the CDBG funded owner-occupied housing rehabilitation program and for purchase assistance. It is anticipated that 8 LMI households will be assisted with either rehabilitation or purchase assistance during the program year.

Neighborhood Improvement Strategy Areas

The City will continue the implementation of its Neighborhood Improvement Strategic Areas program in the Priority Areas depicted on page 8. The goal of the program is to improve the city's older neighborhoods and, in particular, LMI neighborhoods.

Fair Housing

The City will provide \$12,500 in CDBG funds to the Fair Housing Center of Northeast Wisconsin, a program of Metropolitan Milwaukee Fair Housing Council. They will use these funds to cover the cost of providing tenant counseling to prospective renters and provide fair housing information and training to employees of social service and similar agencies working directly with populations at greatest risk for housing issues.

- 
- 1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.**

Since the Homebuyer Assistance Program is a program of the Oshkosh/Winnebago County Housing Authority, the Authority is able to coordinate participation in the program by encouraging their residents to participate. This coordination fills a gap in the participation and outreach process to public housing residents.

- 2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.**

The public housing agency is not designated as "troubled" by HUD.

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

During the 2012 Program Year, the City completed an Analysis of Impediments to Fair Housing Choice. The City selected MSA Professional Services, Inc. to complete the analysis and the following impediments were identified:

Administrative Impediments (Public and Private)

- The public's poor understanding of fair housing rights and complaint procedures
- Inadequate support for non-English speaking residents

Regulatory Impediments (Public)

- Misleading fair housing ordinance

Quality Impediments (Private)

- Poor condition of housing stock

Supply Impediments (Private)

- Inadequate supply of appropriate housing for residents with disabilities

Transportation Impediments (Public)

- Lack of adequate transportation options in some parts of the city

Financial Impediments (Private)

- Lack of loans to minorities

The study summarized the following actions to be taken to address the impediments identified:

[see table on next page]

	Responsible Party	Timeline
Actions to alleviate Administrative Impediments		
Increase knowledge and awareness of fair housing		
Offer more outreach education on fair housing rights and complaints	Community Development Dept	Continual
Revise the City website to make fair housing info easier to find	City IT Department	Immediate
Revise outreach materials to include local examples of illegal discrimination	Community Development Dept	Short-Term
Improve support for non-english speaking residents		
Identify and fund translation services for use by City staff and landlords, etc.	Community Development Dept	Immediate
Include information about translation services in all outreach efforts and materials	Community Development Dept	Immediate
Actions to alleviate Regulatory Impediments		
Update the City's Fair Housing Ordinance		
Add to City Ordinance section 16 all protected classes identified by the State of Wisconsin, and definitions of each; remove the exemption for owner-occupied buildings; consider eliminating the Commission on Equal Opportunities in Housing	City Council	Short-Term
Actions to alleviate Quality Impediments		
Improve the quality of rental housing in the City		
Create a rental registry program that ensures proactive inspections of units for safety and code compliance	Community Development Dept	Short-Term
Enhance landlord and renter education materials and training to incorporate information about mold	Community Development Dept	Short-Term
Actions to alleviate Supply Impediments		
Improve the supply of housing for residents with disabilities		
Continue to offer home improvement loans to income-qualified residents to assist with the cost of accessibility retrofits, and emphasize "visitability"	Community Development Dept	Continual
Encourage the development of more units in the City that incorporate universal design principles. Create a pamphlet that describes universal design and identifies design support resources.	Community Development Dept, Plan Commission, City Council	Continual
Offer builder and developer training in universal design techniques and encourage their application in <i>all</i> new development.	Community Development Dept	Annual
Actions to alleviate Financial/Affordability Impediments		
Improve transportation options in growth areas		
Work with GO Transit to reduce headway on service to tracts 16 and 17	Community Development Dept, GO Transit	Short-Term
Ensure all new streets are complete streets, and improve pedestrian connectivity to the north side	Community Development Dept, Engineering	Short-Term
Actions to alleviate Financial Impediments		
Improve the rate of home ownership among minority residents		
Provide more credit and home-buying education to citizens, especially minority residents	Community Development Dept	Continual
Provide education and information for local lenders on predatory lending practices	Community Development Dept	Continual

These activities to remove barriers to affordable housing began in the 2013 Program Year and will continue in the 2014 Program Year.

This section is not applicable to the City of Oshkosh.

HOMELESS

PLEASE ALSO REFER TO THE CONTINUUM OF CARE HOMELESS POPULATION AND SUBPOPULATIONS CHART IN APPENDIX

1. **Sources of Funds**—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the McKinney-Vento Homeless Assistance Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.
2. **Homelessness**—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.
3. **Chronic homelessness**—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 2012. Again, please identify barriers to achieving this.
4. **Homelessness Prevention**—The jurisdiction must describe its planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.
5. **Discharge Coordination Policy**—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

The City of Oshkosh does not receive any private or public funds to address homeless needs or to prevent homelessness. Since there are already a number of public and private organizations providing these homeless services in the community, the City does not provide direct homeless assistance or identify specific planned actions at ending chronic homelessness. Thus, an action plan for ending chronic homelessness by 2014 or barriers are not identified by the City.

However, the Continuum of Care (CoC) in Oshkosh has a direct influence in addressing the needs of the homeless. As presented in the 2010-2014 Consolidated Plan, the following priorities were established by the CoC:

1. Service gap in short term assistance
2. Case management with supportive services
3. Accessible emergency shelter along with motel vouchers
4. Medical and health related services
5. Transportation help
6. Transitional housing
7. Housing and supportive services for chronic homeless
8. Essential personal needs such as food, clothing and personal care items
9. Subsidized permanent housing
10. Foreclosure help
11. Daycare support
12. Fair housing assistance

While City staff will not lead the effort to create a discharge policy, staff will participate in any efforts to create such a policy.

The City of Oshkosh does not receive or utilize any emergency shelter grants within its jurisdiction. However, \$127,851 in funding is projected for 2014-2015 for the Oshkosh area under a formula approach for each county in the state of Wisconsin. This includes funding for homeless prevention, emergency shelter/transitional housing and rapid re-housing (working with those who are homeless to rapidly move them into permanent housing). ADVOCAP, as lead agency, Christine Ann Domestic Abuse Services, Legal Action of Wisconsin, American Red Cross, and Day by Day Warming Shelter are all presently funded through the current allocation and have been funded in the past as well.

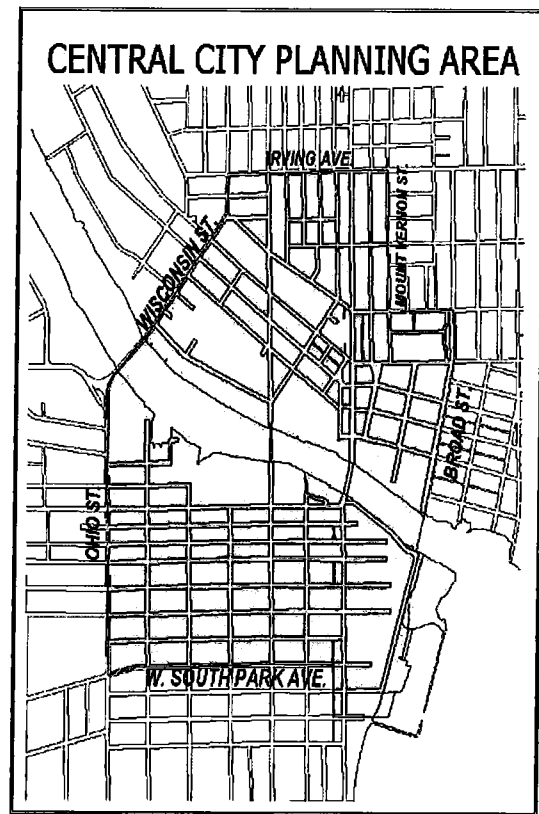

COMMUNITY DEVELOPMENT

PLEASE ALSO REFER TO THE HOUSING AND COMMUNITY DEVELOPMENT ACTIVITIES TABLE IN APPENDIX

- 1. Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), public facilities, public improvements, public services and economic development.**

In addition to activities presented in association with the Neighborhood Improvement Strategic Areas, other priorities for non-housing community development needs are located in Oshkosh's designated slum and blight areas and the Central City Redevelopment Area, as shown on the two following maps. Also, eligible activities in this category will be conducted in designated redevelopment districts, such as the South Shore Redevelopment Area and the Near East Neighborhood Redevelopment Area.

For these areas (slum and blight, Central City, and designated redevelopment areas), eligible activities may include acquisition, relocation, demolition, disposition, clearance, environmental remediation, public facilities improvements, and streetscape.

2. **Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons.**

Long-term and Short-term Objectives

Comparing the “Designated Slum and Blight Area” and the “Central City Planning Area” map with the “2010 Low to Moderate Census Tracts & Block Groups”, it is apparent that these areas overlap. By addressing the priorities of the LMI persons in these census tracts and block groups, the priorities of community development needs are also addressed in the long and short-term. The goals and implementation strategies for these areas are either the same – clearance of slum and blight or improvement of the areas for LMI persons - or complement each other.

For the 2014 Action Plan, the primary objectives for these areas include the following:

- Purchase/Dispose of three (3) parcels. Possibly assembling smaller, blighted, or underperforming parcels into larger parcels. These larger parcels will be made available for redevelopment.
- Right-of-way and other public facility improvements.

End use in the Central City area will more often than not be a mix of housing and commercial uses. Depending on the area and need, the end use will create a mix of housing opportunities for mixed income households and/or job opportunities for persons of limited means.

Depending on the specific project, the accomplishments will either be annually reported under the activities of Targeted Central City Development or Housing & Neighborhood Development in the CAPER.

1. Describe the actions that will take place during the next year to reduce the number of poverty level families.

The City of Oshkosh provides indirect services to reduce the number of households with income below the poverty line. In considering factors affecting poverty that may be impacted by the existing housing programs of the City, the preservation of affordable housing with supportive programs, and services targeted to special needs populations (domestic violence victims, physically and mentally handicapped, elderly, etc.) benefit these populations.

By completing rehabilitation projects on owner-occupied and rental household units below the poverty line, the City will be reducing the housing cost burden to some extent for these households. The reduction in housing cost burden would result from actions that would reduce energy and repair costs to keep the home in habitable condition. The City recognizes that while this in itself will not increase the level of income of these households, it will make more household funds available to cover other expenses. Also, the rehabilitation loans have no repayment requirements until the owner sells the home; therefore, no additional cost burden is added to the household as a result of these zero-payment, zero-interest loans.

In addition, the City may require the loan recipient to attend a budget counseling session as a condition of the housing rehabilitation loan approval process. This requirement is based on the City's position that the rehabilitation loan is a partnership effort – the loan will allow the owner to make the house more livable and the owner will receive additional financial information that may reduce the possibility of the house falling into disrepair in the future.

The City recognizes that while budget counseling in itself will not increase the levels of income of these households, households may gain skills allowing them to be able to use their income more strategically in paying off debts, thereby lessening the financial burden on the household.

Approximately 15 household rehabilitation projects will be funded in 2014.

NON-HOMELESS SPECIAL NEEDS HOUSING

PLEASE ALSO REFER TO THE NON-HOMELESS SPECIAL NEEDS TABLE IN APPENDIX

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve for the period covered by the Action Plan.
2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

The Non-Homeless Special Needs table shows housing and supportive services needed for various groups of persons. Priorities the City aims to meet include providing supportive services such as emergency housing assistance, elderly nutrition programs, and advocacy programs for disabled populations through the public services- funded Public Services Consortium.

In prior program years, the City has funded, through the Consortium, organizations such as the local American Red Cross, ADVOCAP-Winnebago County Nutrition Program, UW-Oshkosh Living Healthy Community Clinic and the Christine Ann Domestic Abuse Services Center, to meet its goals of providing services to these groups with special needs. The City will continue in 2014 to use the Consortium to allocate funds to public service agencies who address the needs for this population. Four agencies pool funds as part of the Consortium, including the City, Winnebago County, the Oshkosh Area United Way, and the Oshkosh Area Community Foundation. In 2014, pooled funds are estimated at \$95,000 to assist public service programs. At the time of printing, ten public service agencies were selected to be awarded funding in 2014.

Agency	Program
ADVOCAP	Winnebago County Nutrition Program
ADVOCAP	Bridges Emergency Assistance Program
Christine Ann Domestic Abuse Services	Emergency Shelter & Advocacy Services
Day by Day Warming Shelter	Emergency Shelter
Oshkosh Area Community Pantry	Food & Nutritional Need Program
UW-Oshkosh Living Healthy Community Clinic	Living Healthy Community Clinic
Oshkosh Seniors Center	Seven Dimensions of Wellness
Winnebago County Literacy Council	English classes
Tri-County Community Dental Clinic	Focus on the children program
Clarity Care Inc	Help at Home

Funds for housing needs for non-homeless persons will not be directed specifically at some of these groups with special needs but these groups may benefit indirectly from the use of CDBG funds that meet housing needs and provide supportive services. For example, the City is not proposing any direct funding to persons with Alcohol and Other Drug Abuse (AODA) or HIV/AIDS, as requests have not been made for direct benefits to these groups; however, these groups may benefit from the City-funded public service agency and housing service activities through the Consortium and the Oshkosh Housing Authority, respectively.

Housing needs for persons with special needs will be met as they apply for rehabilitation loans. The City will continue to document, as it has in the past, the disability and elderly status of those receiving rehabilitation loans.

No other federal, state, or local funds are expected to be available during this Program Year to meet identified needs.

OTHER NARRATIVE

APPENDIX A
NEIGHBORHOOD PUBLIC HEARING NOTICES

**City of Oshkosh
Notice of Public Hearing/Neighborhood Meeting
2014 CDBG Program**

The City of Oshkosh will hold a public hearing on Tuesday, April 29, 2014 at 5:30 PM at the Oshkosh City Hall, 215 Church Avenue, 2nd Floor Conference Room, Room 203 for the purpose of discussing the draft 2014 Community Development Block Grant (CDBG) Action Plan/Budget.

The proposed use of 2014 CDBG program funds as shown in the table below is tentative until the 2014 CDBG Action Plan/Budget is approved by the US Department of Housing and Urban Development (HUD).

Projects		Est. Allocation
I.	Central City	\$100,000
II.	Housing	\$440,085
III.	Public Services	\$75,000
IV.	Administration and Planning	\$120,000
Total Estimated CDBG Allocation		\$735,085

If more or less funds are received than estimated, funds will be distributed proportionally and by following HUD guidelines.

Additional public meetings will be held regarding the draft 2014 CDBG Action Plan/Budget by the Oshkosh Plan Commission on May 6, 2014 at 4:00 PM, and by the Oshkosh Common Council on May 13, 2014 at 6:00 PM. These meetings will be held at City Hall, 215 Church Avenue, Oshkosh.

If persons planning on attending have specialized needs (interpreter, handicap accessibility, etc.), please contact Darlene Brandt at the Community Development Department at 920.236.5055. Written comments can be mailed to Community Development Department, ATTN: Darlene Brandt, PO Box 1130, Oshkosh, WI 54903-1130 or emailed to dbrandt@ci.oshkosh.wi.us

APPENDIX B
CERTIFICATIONS

CPMP Local Grantee Certifications

Many elements of this document may be completed electronically, however a signature must be manually applied and the document must be submitted in paper form to the Field Office.

This certification does not apply.

This certification is applicable.

LOCAL GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about --
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will --
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted --
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

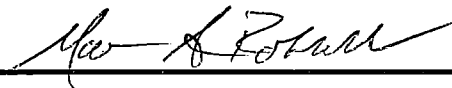

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

 This certification is applicable.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2007, 2008, 2009, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

**OPTIONAL CERTIFICATION
CDBG**

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities, which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

HOPWA Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

--

ESG Certifications

The Emergency Shelter Grantee certifies that:

Major rehabilitation/conversion -- It will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for purposes less than tenant-based rental assistance, the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services -- It will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under §576.71 of this title.

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan --It is following a current HUD-approved Consolidated Plan or CHAS.

APPENDIX TO CERTIFICATIONS

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

Place Name	Street	City	County	State	Zip
Oshkosh City Hall	215 Church Ave	Oshkosh	Winnebago	WI	54901
Oshkosh Seniors Center	200 N Campbell Rd	Oshkosh	Winnebago	WI	54902
Oshkosh Housing Authority	600 Merritt Avenue	Oshkosh	Winnebago	WI	54901

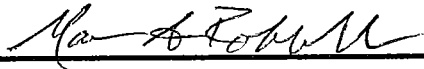

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any

controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:

- a. All "direct charge" employees;
- b. all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and
- c. temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.

APPENDIX G
PROJECT WORKSHEETS

Project Name: Public Services				
Description:	IDIS Project #: 2010-2014 #4 UOG Code: WI554960 OSHKOSH			
<p>Funds will combined with Winnebago County (Brighter Futures), the Oshkosh Area United Way, and the Oshkosh Area Community Foundation to provide public service funds to non-profit agencies. Consortium will allow for a streamlined application and evaluation process. With the implementation of the Neighborhood Strategic Areas, non-housing/supportive services will be provided to those in LMI neighborhoods, including the provision of dumpsters on a one-day cleanup campaign. Facilitate the Health Program and the Fitness Program at the Oshkosh Seniors Center. Administrative funding support associated with running the Authority's Homebuyer Program that assists low income persons in exploring homeownership as an affordable housing option. Funds also be used to pay for labor, supplies, and materials as well as to operate and/or maintain the portion of a facility in which the public service is located. Provide tenant counseling presentation to protected populations who are prospective renters, insert phone number into Oshkosh phone book, provide fair housing services (intake, referral, technical assistance, etc.) for residents of the City.</p>

Project Name: Housing and Neighborhood Development				
Description:	IDIS Project #: 2010-2014 #5 UOG Code: WI554960 OSHKOSH			
To rehabilitate and expand the city's affordable housing stock for low to moderate income households as well as to stabilize and visually improve older and low to moderate income neighborhoods and to provide home ownership oppoutunities to first time buyers that are of low to moderate income. Funds will also be used on a neighborhood basis for a variety of programs that benefit the LMI neighborhood. City staff will work with neighborhood to prioritize activities. Activities may include housing rehab, creation of neighborhood association & watch group, code enforcement, streetscaping improvements, etc. Funds will be used for either the creation or rehabilitation of LMI rental units in order to expand the city's affordable housing stock and stabilize and visually imporve older and LMI neighborhoods. Activities can include repairs, handicapped modifications, etc. Funds for Siena Transistional facility will be used for housing unit rehab (major components of unit but not minor furnishings).				
Location:	Priority Need Category			
Various, LMI Census Tracts, Near East Neighborhood and Broad/Bay Area	Select one: Owner Occupied Housing ▼			
Expected Completion Date: (04/30/2010)	Explanation: According to the US Census, over half of the city's housing stock was constructed prior to 1960. The goal "Maintain or rehabilitate the City's existing housing stock and the surrouding areas containing this housing" was identified in the city's Comprehensive Plan (adopted 3/2005).
