FOR IMMEDIATE RELEASE

Temporary water outage on Oshkosh's north side
Repair work expected to last five hours

OSHKOSH, Wis., January 11, 2023 – A valve that controls the water service to the area west of US HWY 45 between West Snell Road extended and Ryf Road (County Road T) will be replaced today, Wednesday, January 11th, between the hours of 12:00 p.m. and 5:00 p.m. The installation of the new water valve will result in a water outage for businesses and residents in this area. The businesses and residents have been notified. The valve installation will take place at the Sterns Drive and West Snell Road intersection which is currently closed for construction.

The repair is anticipated to take up to five hours to be completed. Water will be restored to affected properties as soon as possible. Crews will prep for excavation the morning of January 11th to expedite the valve replacement and minimize the water outage.
