

PROJECT S.A.F.E. SMOKE ALARMS FOR EVERYONE

Project SAFE provides **FREE** smoke and carbon monoxide (CO) alarms to residents of the City of Oshkosh. Any missing or dead batteries will also be replaced **FREE** of charge.

This is done by appointment. We will make sure that you have working smoke alarms on every level of your home and one working CO alarm (if necessary) in your home.

All alarms/batteries must be installed by Oshkosh Fire Department personnel.

Please call **236-5249** today to set up an appointment.
