Safe Riding

For your safety, please keep in mind the following policies. Thanks for being a safe rider!

- Always follow the bus driver's instructions. Our professional drivers are trained to make everyone's trip safe and convenient.
- Respect other riders. This includes no foul/offensive language, fighting, vandalism, littering, tobacco use and e-cigarette use.
- No food or drinks in open containers are allowed on the bus.
- No weapons or firearms are allowed on the bus.
- Don't cross the street in front of the bus when you get off. Always wait for the bus to leave before crossing.
- Please offer the front seating area to seniors and passengers with disabilities.
- Please be seated. If no seats are available, move to the rear of the bus and hold onto the rails. If standing, do not stand in front of the yellow line located on the floor near the driver.

Strollers & Carts

- Riders may bring aboard strollers and carts. This equipment must have the ability to be folded and be kept clear of aisles and doorways aboard buses.
- Passengers must be able to safely board and carry all carry-ons or personal belongings in one attempt.
- Seniors and customers with disabilities have priority use of the Priority Seating area aboard buses. If these seats are not in use, open strollers may be parked in this area. Please yield this space if a customer with disabilities, a senior, or a person using a mobility device wishes to board.
- Children in an open stroller should be seated and secured in the stroller before boarding the bus
- No hazardous materials are allowed on the bus

Bus Stops

GO Transit bus stops are marked by distinctive blue and white signs located at stops along the routes. It is very important that you wait for the bus at the bus stop to ensure effective and safe service. Each sign will display either a single route number (left sign) when served by one route or multiple numbers (right sign) if served by more than one route. Please plan to arrive at your bus stop a few minutes early.

Travel Training

GO Transit provides free training and other resources to any community member that would like to learn how to use the bus. We call this program "Travel Training." The program is designed to help first-time riders and individuals with disabilities become familiar and comfortable with riding the bus.

GO Transit is also able to help you plan a trip over the phone or via email.

GO Connect

GO Connect is a new, microtransit service that will provide flexible scheduling to and from the Oshkosh Downtown Transit Center and the Neenah Transit Center during GO Transit bus service hours. Riders will schedule trips in-advance and will travel in vehicles shared with other passengers. The cost of each one-way trip will be \$5.00. Exact fare is required. Drivers cannot provide change. GO Connect one-way passes are also available on the Token Transit App. Call GO Connects vendor, City Cab at 920.235.7001 by 4:30 pm the day before desired travel.

All routes, schedules, policies and fares are subject to change.

Paratransit - GO Plus

Paratransit service is provided for individuals with disabilities that are unable to board, ride or alight a bus; or when environmental or architectural barriers prevent an individual with disabilities from getting to or from a bus route stop. Paratransit is a shared-ride, demand response sedan or lift/ramp-equipped van service.

Our paratransit service is called GO Plus. GO Plus also offers other programs for low-income workers and seniors. Contact GO Transit for more information on available programs, qualifications and how to apply.

Other Information

Bike 'N Ride

All GO Transit buses are equipped with a bike rack. This service is available year round on all GO Transit bus routes. There is no additional fare when the bike rack is used.

For more information on how to use the bike racks, please visit our website at www.rideGOtransit.com.

Accessibility

Each bus is equipped with accessible features, including: kneeling capability (bus lowers to make the first step easier), a ramp for wheelchair boarding, on-board wheelchair securement areas, and stop announcements by the driver. GO Transit drivers are trained to safely secure wheelchairs. While onboard, mobility devices, such as wheelchairs and scooters, are secured using the proper four (4) point securement.

Lost & Found

If you have lost an item on the bus or at other GO Transit facilities, call our information number 920.232.5340. Articles that are found are held at the GO Transit Office (926 Dempsey Trail) for 30 days, except perishables. Lost bikes are transferred to the Oshkosh Police Department after 24 hours.

Title VI Notice

GO Transit is committed to ensuring that no person is excluded from participation in, or denied the benefits of its services on the basis of race, color or national origin as protected by Title VI of the Civil Rights Act of 1964, as amended ("Title VI").

If you believe you have been subjected to discrimination, you may file a written complaint with GO Transit - Attn: Title VI Complaints, 926 Dempsey Trail, Oshkosh, WI 54902. Contact GO Transit for additional info on Title VI obligations.

RIDING IS EASY

1 Plan Your Trip...

Use the Route Map on the reverse side to determine which route is closest to your origin and destination point.

Tip #1: Use Google Transit to plan your trip. This app can be found on GO Transit's website (www.rideGOtransit.com) or through Google Maps.

Tip #2: If you are a first-time bus rider, feel free to call GO Transit at 920.232.5340. We would be happy to help.

2 Check The Schedule...

Each route on the map includes lettered timepoints which indicate when the bus will reach key points along the route. Each route's timetable provides the bus's arrival times at each lettered point. Use this information as a reference to determine what time you should arrive at your bus stop.

Tip: It's a good idea to arrive at your stop 3-5 minutes early.

3 Catch Your Bus...

As the bus approaches, stand ready at your stop and get your fare or transfer ready. Also, be sure to check the route name and number, which appears above the windshield and on the side of the bus. If your destination requires you to transfer, ask your driver for a transfer slip as you board your first bus. See "Transfers" above for more info.

4 Enjoy Your Ride...

About a half block before your stop, use the pull cord located along and above each window to signal the driver to stop. If another passenger has signaled your stop, do not ring again.

Tip: Feel free to ask the driver any questions you may have when boarding or exiting the bus or while at the Downtown Transit Center.

GO ROUTE MAP

Route Timepoints & Departure Times

The timepoints listed by route below show approximate departure times from selected bus stops along each route. These locations, called "timepoints," are indicated with letters (such as **A**) on both the time tables and map below. Find the timepoint nearest your stop, and use the route times listed below to estimate your departure or arrival time. If your bus stop is between timepoints, you can estimate what time to catch the bus by locating the timepoints before and after your stop. For more info, please see the User Guide on the reverse side of this map.

Bus Stops

The black dots along each route are the locations of bus stop signs. It is important to wait for the bus at a sign location to ensure safe and effective service. Look for the blue and white GO Transit signs. It's a good idea to arrive at your bus stop at least five minutes early. Routes operate on a 30 minute frequency, which means the bus serves each bus stop every 30 minutes. Times shown below are approximate and can be affected by traffic and road conditions. To download individual route maps, visit www.rideGOtransit.com.
