FOR IMMEDIATE RELEASE

Energy efficiency options to be presented for Oshkosh residents
Upcoming event highlights resources, rebates and tax credits

OSHKOSH, Wis., April 24, 2023 – The city of Oshkosh Sustainability Advisory Board (SAB) has partnered with FOCUS ON ENERGY to host an event for residents to learn about available benefits from Wisconsin’s Focus on Energy program and the Inflation Reduction Act. This FREE event will be held on Wednesday, May 3rd at 5:30 p.m. at the Oshkosh Public Library, 106 Washington Avenue. Attendees may bring their children, as this is a family friendly event with activity books and crayons for kids.

Making one’s home more efficient can have many benefits: lower energy bills, a more comfortable home, better indoor air quality, and a lower environmental impact. The free event on May 3rd will allow residents to learn:

- Which energy projects to start with to save the most money
- How to take advantage of Focus on Energy rebates and resources
- General information on available tax credits for home energy projects

There are more resources available now than ever before to lower the cost of going efficient. This event is hosted by the Oshkosh Sustainability Advisory Board in partnership with Focus on Energy. For more information, contact the Oshkosh Community Development Department at (920) 236-5059.
